Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 6th April 1909.

READ—

Letter No. D. 1671, dated the 18th March 1909, from the Revenue Commissioner in Mysore, forwarding copy of letter No. 378—R., dated the 14th idem, from the Deputy Commissioner of the Hassan District, on the subject of the repairs to the Kikkeri-Ippiah road in the Hole-Narsipur Taluk.

No. R. 8048-58—AGRI. 164-08-8, DATED BANGALORE, 6TH APRIL 1909.

ORDER THEREON.—The Deputy Commissioner of the Hassan District in submitting an estimate for Rs. 938 for special repairs to the Kikkeri-Ippiah road, states that funds are not available under District Funds and requests sanction to the estimate and to the necessary allotment of funds for the work being put in hand as early as possible to afford employment to the working classes in the locality. The Revenue Commissioner recommends that the funds applied for may be sanctioned from Provincial or other funds to be eventually debited to District Funds, and suggests that the work may be taken up when the village works are exhausted and other relief works are not available.

2. The estimate for Rs. 938 is sanctioned. The work may be taken up, as suggested by the Revenue Commissioner, when other works are not available.

3. Separate orders will issue as to the head to which the cost is debitable.

The following letter No. D. 1855, dated the 26th March 1909, from the Revenue Commissioner in Mysore :—

"I have the honour to submit herewith for the orders of Government a copy of letter No. D. 316, dated the 15th March 1909, from the Deputy Commissioner, Kadur District, requesting to be informed as to the procedure to be adopted regarding remission of assessment of wet lands cultivated by dry crops for want of water in the tanks. The Proceedings of Government No. R. 4332-70—Agri. 105-08-1, dated the 4th January 1909, does not deal with such cases. But similar questions having been raised both in the famine of 1891-92 and in the scarcity of 1905-06, Government passed orders sanctioning remission of half assessment where tank water was used to raise the dry crop, the average dry assessment only being charged on the portion from which a dry crop may have been actually taken by using tank water, the actual remission being the difference, if any, between the remittable half of the wet assessment on the entire land and the dry assessment on the portion which has yielded a dry crop and the usual remission of half assessment where the tank water was not used (*vide* Government Order No. D. 428, dated 7th May 1892, and the answer to question 4 in memo A published with Government Proceedings No. R. 13,850—Agri. 22-05-50, dated 25th April 1906). These orders seem very reasonable and I beg to request whether they may be followed during the current year.

In this connection, I would submit for the consideration of Government that para 6 of the Government Order of 4th January 1909 is apparently open to criticism as regards the language and is also otherwise not sufficiently clear and detailed to serve for the guidance of the District Officers, and would suggest its revision."

Letter No. D. 316, dated 15th March 1909, from the Deputy Commissioner, Kadur District, to the Revenue Commissioner in Mysore.

"With reference to Government Orders No. R. 4332-70—Agri. 105-08-1, dated 4th January 1909, and No. R. 6859-67—Agri. 175-08-2, dated 3rd March 1909, on the subject of granting remission and suspension of Land Revenue demand, I have the honour to request to be informed as to what procedure should be adopted when dealing with cases (of which there are many in the Kadur Taluk) of wet lands which have been cultivated with dry crops owing to the failure of water in the tanks on which they are dependent for their irrigation."

No. R. 8156-65—AGRI. 175-08-7, DATED BANGALORE, 7TH APRIL 1909.

ORDER THEREON.—As regards the concessions to be shown to holders of wet lands who have been able to raise only dry crops on their lands, the Government approve of the proposal made by the Revenue Commissioner, and they are accordingly pleased to direct that where tank water has been used for raising dry crops on wet lands, the usual remission of half the wet assessment shall be granted and that the average dry assessment shall be levied on the whole or part of the lands on which the dry crops have been raised. If, however, the attempt to raise dry crops with the aid of the tank water has failed, or if, in raising them, the tank water has not been used, the additional dry assessment shall not be levied. The concession will of course apply only in the case of lands situated in the affected tracts.

Communications ending with letter No. D. 1861, dated the 27th March 1909, from the Revenue Commissioner in Mysore, intimating the names of the Judicial officers whose services are required.

No. R. 8166-76—AGRI. 106-08-17, DATED BANGALORE, 7TH APRIL 1909.

ORDER THEREON.—The Deputy Commissioners of the Kadur and Chitaldrug Districts report that they do not require the assistance of the Judicial officers in their districts, and the Deputy Commissioners of the other districts request that the services of the following Judicial officers may be placed at their disposal during the ensuing annual recess of the Civil Courts:—

Bangalore District.

1. Mr. T. E. Jayarama Iyer, Sub-Judge, Bangalore.
2. Mr. M. L. Srikantesa Gowda, Principal Munsiff, Bangalore.

Kolar District.

1. Mr. T. S. A. D'Cruz, Munsiff, Kolar Gold Fields.
2. Mr. G. E. Srinivasa Iyer, Munsiff, Kolar.
3. Mr. T. Venkoba Rao, Munsiff, Chikballapur.

Shimoga District.

1. Mr. K. Narayana Iyengar, Munsiff, Shimoga.

Tumkur District.

1. Mr. G. Satyaji Rao, Munsiff, Tumkur.
2. Mr. A. Srinivasaraghavachar, Munsiff, Maddagiri.

(The services of this officer have been already directed to be placed at the Deputy Commissioner's disposal.)

Mysore District.

1. Mr. K. Lakshminaranaiya, Additional Munsiff, Mysore.
2. Mr. S. Krishna Rao, Munsiff, Seringapatam.

Hassan District.

1. Mr. M. Narasappiah, Munsiff, Hole-Narsipur.
2. Mr. N. Narasimha Iyengar, Munsiff, Hassan.

2. The Government observe that in the districts of Mysore, Bangalore, Shimoga and Hassan, the distress is not keenly felt and a need is not likely to arise for strengthening the existing staff of officers on that account. The arrears of criminal work in the Bangalore District, especially in the Bangalore Sub-Division, is unusually large, and so the services of the two Judicial officers may be placed at the disposal of the Deputy Commissioner and District Magistrate. In the other three districts, the relief is asked for not on account of any need actually felt or apprehended, but as an additional precaution against contingencies. The Government do not see any reason therefore to detain the Judicial officers named by the Deputy Commissioners during the annual recess and incur needless additional expenditure. The Deputy Commissioners will keep themselves informed of the addresses of these officers during the period of recess and may call them to duty, if any necessity should arise therefor.

Revenue (Agriculture), dated 7th April 1909.

3. The Judicial officers referred to by the Deputy Commissioners of the Kolar and Tumkur Districts will be placed, during the annual recess of the Civil Courts, under their orders for such work as the Deputy Commissioners may entrust to them. The Chief Court is requested to issue the necessary instructions on both the points to the Judicial officers concerned.

4. Separate orders will be passed on the subject of investing some of these Judicial officers and a few selected Sheristadars, Sub-Registrars and Revenue Probationers with magisterial powers.

Letter No. 9616, dated the 25th February 1909, from the Revenue Commissioner in Mysore, forwarding for information the accompanying copy of his review on the statement of losses of cattle for the quarter ending 30th September 1908:—

"Statements received from the Deputy Commissioners of Districts showing the losses in cattle of various kinds during the quarter ended 30th September 1908.

Recorded.

2. It will be seen from the accompanying statement that the number of deaths among cattle in the State during the quarter under review was 49,866 as against 28,681, during the corresponding quarter of the previous year. All the districts except Hassan and Kadur have contributed to this increased mortality, Tumkur and Kolar faring worst in this respect. This excessive mortality is chiefly due to the prevalence of Dodroga in the districts of Bangalore, Hassan and Kadur of Dodroga, Chapperoga and Battiroga in the districts of Tumkur and Mysore, of Murrain in the district of Shimoga; and of Rinderpest and Chappe Jadya in the districts of Kolar and Chitaldrug.

3. The total mortality from sickness was 32,096 as against 17,171 during the corresponding quarter of the previous year. Prompt steps were taken by the Inspector of Cattle Diseases and Assistant Veterinary Inspectors who visited places where diseases were prevalent and inoculated cattle as a preventive measure. The number of cattle inoculated during the quarter was 3,913.

4. In spite of instructions given in the review of the statement of cattle mortality for the quarter ended 30th June 1908, most of the Deputy Commissioners have not furnished explanatory remarks *re* the figures of cattle mortality in the district return."

No. R. 8185-93—AGRI. 64-08-6, DATED BANGALORE, 8TH APRIL 1909.

ORDER THEREON.—Recorded.

2. The heavy mortality of cattle due to the prevalence of epidemic diseases of various kinds in almost all the districts, in spite of the efforts of the newly created Veterinary Department to check them, is noted with regret.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 8th April 1909.

READ—

Letter No. D. 1189, dated the 1st March 1909, from the Revenue Commissioner in Mysore, submitting copy of letter No. C. 375, dated the 18th February 1909, from the Deputy Commissioner of the Kolar District, regarding the additional establishment required in his district.

No. R. 8208-17—AGRI. 97-08-19, DATED BANGALORE, 8TH APRIL 1909.

ORDER THEREON.—The requirements of the Deputy Commissioner in respect of additional establishment are provided for in Government Order No. R. 6122-31—Agri. 97-08-8, dated the 13th February 1909. Sanction has therein been accorded to the entertainment, if necessary, of two accountants, one on Rs. 40 and the other on Rs. 25, for the District Office, one accountant on Rs. 25 for each affected taluk, and one assistant shekdar on Rs. 15+10 for each affected hobli. As regards extra hands for the Sub-Divisional Offices, Government have already declined to sanction additional hands for them and they see no reason for a reconsideration of their order for the present.

2. The Deputy Commissioner reports that he has entertained an accountant in each of the ten affected taluks, deputing men already in service to these appointments and filling up the vacancies with men on lower pay. There is no objection to the deputation of men from the permanent establishment for work connected with distress, provided that the arrangements consequent thereon do not clash with the sanctioned scales and are in accordance with the Service Regulations. It is desirable in the interests of efficiency that experienced men should be employed on such work in preference to new and untrained men.

3. As regards the suggestion made by the Deputy Commissioner in the last para of his letter, that the Comptroller may be authorized to institute some speedier mode of post audit, his attention is drawn to the provisions contained in Sections 266 to 274 of the Famine Code. The procedure laid down therein is to be followed on the declaration of famine, and no further decentralisation of audit is necessary at this stage.

4. It is also not clear what is the exact nature of the power to adjust sanctioned scales of expenditure which the Deputy Commissioner deems necessary to enable him to conduct relief measures with greater promptitude. There is no objection to his employing a smaller number of men than he has sanction to engage or to his paying the new employees lower rates of pay than those allowed by Government. If the Deputy Commissioner requires general powers of transferring grants from one disburser to another or from one head to another, this is sufficiently provided for in Section 277 (*c*) of the Famine Code.

No. R. 8320-60—AGRI. 31-08-31, DATED BANGALORE, 10TH APRIL 1909.

ORDER THEREON.—The result of the various Government Orders read above is that, on account of high prices of food grains, extra allowances have been sanctioned till the end of March 1909 to the following :—

(1) All whole-time officials in the State, whether on Civil, Public Works or Military establishments, drawing a pay not exceeding Rs. 20 per mensem;
(2) The establishment in charge of the Australian flock of sheep at Kunigal;
(3) The totis and talaris in charge of Police Ookads; and
(4) The teachers and menials of the weaving schools at Dodballapur, Chiknayakanhalli and Molakalmuru, the Industrial Schools at Channapatna and Sagar and the Carpentry School at Hole-Narsipur.

2. The Government observe that except in the Chitaldrug and Hassan Districts, ragi is still selling at less than 12 seers per rupee, and, judging by present indications, the seasonal conditions are not likely to improve perceptibly during the next month or two. They are therefore pleased to direct that the extra allowances referred to above shall continue to be disbursed at the present rates till the end of May 1909 except in the Chitaldrug and Hassan Districts.

3. The Government are also pleased to direct that the enhanced wages sanctioned to the mestri and the coolies attached to the Experimental Farm at Hebbal and the special allowance of Re. 1 per mensem sanctioned to the mestri attached to the Agricultural Chemist's Office at Bangalore, shall continue to be disbursed to them till the end of May 1909.

READ—

Correspondence ending with letter No. D. 1590, dated the 15th March 1909, from the Revenue Commissioner in Mysore, forwarding copy of letter No. 556, dated the 10th idem, from the Deputy Commissioner of the Chitaldrug District, regarding the conversion of the breached tank at Pilali village in the Hiriyur Taluk into a gokatte.

No. R. 8361-71—AGRI. 153-08-5, DATED BANGALORE, 10TH APRIL 1909.

ORDER THEREON.—Government observe that the information furnished by the Deputy Commissioner in his letter of the 10th March is indefinite, as he does not say what the deficiency in the estimated revenue under District Funds will be, and to what extent the balance will fall below the anticipated amount. On an occasion like the present, it will be permissible to draw upon even the minimum balances of Local Boards if necessary. The present work being a District Fund one, the cost of it should be met from that fund.

2. It is very essential that Local Boards should effect all possible economies in the ordinary expenditure in order to be able to meet urgent demands for purposes within the legitimate sphere of the Boards' operations.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 12th April 1909.

READ—

Letter No. D. 1943, dated the 2nd April 1909, from the Revenue Commissioner in Mysore, enclosing a special report on the condition of the Pavagada Taluk, received from the Amildar, and stating that the Amildar has been fairly active in carrying out the relief measures.

No. R. 8377-86—AGRI. 206-08-2, DATED BANGALORE, 12TH APRIL 1909.

ORDER THEREON.—Recorded.

2. From the report enclosed with the Revenue Commissioner's letter, the Government observe that applications for loans for irrigation wells and Takavi advances in the Pavagada Taluk, amounting to Rs. 32,050 and Rs. 1,900 respectively, have been submitted to the Deputy Commissioner and are awaiting his sanction. It is seen from the statements published by the Revenue Commissioner in the Gazette of the 1st April 1909, that out of an allotment of Rs. 52,300 assigned to the Tumkur District for land improvement loans and Takavi advances, advances amounting to Rs. 34,464 have been sanctioned up to the 27th March 1909, leaving a balance of only Rs. 18,000 (in round numbers) for the grant of further advances. The Government consider that the grant of advances on a large scale for sinking irrigation wells in the Pavagada Taluk would be of the greatest value, and are pleased to sanction a further allotment of Rs. 20,000 exclusively for this taluk, to enable the Deputy Commissioner to sanction the applications pending with him, which should be disposed of without delay.

No. R. 8582-4—AGRI. 202-08-3, DATED BANGALORE, 16TH APRIL 1909.

ORDER THEREON.—As the Government understand that the grant of Rs. 2,20,000 which was calculated on the average expenditure of the past three years, is found insufficient to meet the special requirements of the present year, they are pleased to sanction an additional allotment of Rs. 10,000 from the Irrigation Cess Fund. 1. Government Proceedings No. R. 6677-86—Agri. 169-08-3, dated the 27th February 1909, sanctioning a sum of Rs. 1,000 for the purchase of good seed grains for distribution among the poorer raiyats.

2. Correspondence ending with letter No. D. 2052, dated the 7th April 1909, from the Revenue Commissioner in Mysore, reporting on the extent to which additional funds are required for the above purpose and the method to be adopted in working the scheme.

3. Letter No. D. 1947, dated the 2nd April 1909, from the Revenue Commissioner in Mysore, submitting copy of a letter from the Deputy Commissioner of the Kolar District, requesting the grant of a sum of Rs. 8,000 for the purchase and distribution of seed grains.

No. R. 8719-28—AGRI. 169-08-9, DATED BANGALORE, 20TH APRIL 1909.

ORDER THEREON.—The Government are pleased to sanction a sum Rs. 10,000 for the purchase of good seed grains for distribution from convenient centres in each taluk to the raiyats in the affected tracts, and the Comptroller is requested to place the amount at the disposal of the Revenue Commissioner. The details of the scheme are, as proposed by the Revenue Commissioner, left to him and he may fix the rates at which the seed is to be sold and the mode in which the cost of the seed is to be recovered from the raiyats, a full report of the same being furnished to Government in due course at an early date.

2. The Revenue Commissioner is requested to dispose of the application of the Deputy Commissioner of the Kolar District and of any other Deputy Commissioners that may want allotments for the distribution of seed grains.

The following letter No. D. 1635, dated the 16th March 1909, from the Revenue Commissioner in Mysore :—

"In forwarding copy of this office memorandum No. D. 1626, dated 16th March 1909, I have the honour to state as follows :—

As the Government are well aware, I have been insisting on the liberal grant of Takavi loans to combat with the present distress. And so far as I can perceive both from what I have actually seen and the reports from districts, there is no doubt that these advances, wherever they have been granted, have been of the utmost help to the raiyats and put heart into them and enabled them to tide over the adverse season. But, one feature disclosed by the weekly returns and other reports is that the amount actually disbursed by the taluks is far less than that allotted to them by the Deputy Commissioner or sanctioned by me for the district taken as a whole. The reason in most cases is that as now only a portion or instalment of the loan is disbursed, the subsequent instalments are ear-marked, as it were, and reserved for disbursement in due course. In the meantime as applications for fresh loans are pouring in in the districts, the Deputy Commissioners apply for large sums of money even though there be large balances out of the sums already allotted to them. Now this is the middle of March and by the end of June the official year will close and the unspent balance will lapse. Signs are not wanting to show that the distress is gradually deepening and the situation requires our utmost vigilance and the most cautious and sympathetic attention of the Deputy Commissioners. Promptitude in the disposal of deserving applications will be of the greatest value. In view to all these considerations and in the light of the apparent incongruity of the districts having large unspent balances and yet asking for more funds, I *think* it desirable to instruct them that there is no necessity to keep the funds required for the whole loan ear-marked for subsequent instalments, but that they may reserve only a portion—say 50 per cent—of the amount remaining undisbursed on account of those loans as working balance of such loans and utilize the remainder for the grant of fresh loans and apply for additional allotments as the funds on hand begin to run low. They should, when applying for such fresh allotments, give information as noted below. I think the Deputy Commissioners of Kolar and Chitaldrug are already following similar procedure, for, from the published weekly returns, it is seen that they have sanctioned loans in excess of the allotments made to them :—

Total allotment for the district under each head	Total amount of loans sanctioned under each head by the District Officers	Amount disbursed under each head	Amount reserved as working balance	Balance available for further applications

As this involves an important point of procedure, I submit it for approval and early orders of Government."

Official Memorandum No. D. 1626, dated 16th March 1909.

SUBJECT.—Letter No. 662, dated 11th March 1909, from the Deputy Commissioner of the Tumkur District, requesting the grant of a further allotment of Rs. 35,000 for Land Improvement loans and of Rs. 20,000 for subsistence advances, advances for the purchase of bullocks, etc.

Till now a sum of Rs. 42,300 has been sanctioned for the Tumkur District for making Takavi advances and Land Improvement loans; and the Deputy Commissioner notes that an amount of Rs. 20,669 " has been used up to the end of February 1909" and that the balance of Rs. 21,631 will be utilized for sanctioning applications (aggregating to Rs. 2,30,465) now pending. Under these circumstances an additional allotment of Rs. 10,000 (ten thousand) is sanctioned for this district for granting Takavi advances (including subsistence advances, etc.) and Land Improvement loans.

Revenue (Agriculture), dated 22nd April 1909.

2. Although the Deputy Commissioner states that Rs. 20,669 has been used up to the end of February 1909, it is observed that the statement received with his docket shows that only Rs. 11,155 has been actually disbursed up to the end of February. A sum of Rs. 9,544 should have been therefore reserved for payment of further instalments, and there are reasons to believe that the Deputy Commissioners generally apply for additional funds merely because the amounts already provided have been covered by the loans sanctioned by them, though only a portion thereof might have been actually disbursed. As the demand for loans should be very great in the affected tracts, the more convenient course will be to sanction additional loans to a moderate extent in anticipation of further allotments. Fuller instructions in this behalf will be issued later on.

No. R. 8792-801—Agri. 38-08-40, dated Bangalore, 22nd April 1909.

Order thereon.—The arrangement proposed by the Revenue Commissioner is inadvisable as pointed out in Government Order No. R. 7780-9—Agri. 38-08-32, dated the 27th March 1909. It would commit Government to outlay of an indefinite amount irrespective altogether of the grants that Government are prepared to place at the disposal of its officers. It would lead to complication in accounts and embarrassments of sorts. Where allotments are found to be inadequate, the proper course is to apply for further allotments, and not to divert to fresh loans money ear-marked for loans already promised and in part paid. And as there is a limit to allotments, it behoves Deputy Commissioners to make them go as far as possible by a judicious selection of applications to be accepted. For example, it may oftentimes be found advisable to select ten applications for a loan of Rs. 5,000 in preference to five other applications for the same aggregate.

Letter No. D. 2062, dated the 12th April 1909, from the Revenue Commissioner in Mysore, submitting with his recommendation, copy of a letter from the Deputy Commissioner of the Tumkur District, proposing that T. Hanumantha Rao, Revenue Probationer, doing duty at Gubbi, may be specially authorized to sanction Land Improvement loans and Takavi advances.

NO. R. 8802-3—AGRI. 90-08-7, DATED BANGALORE, 22ND APRIL 1909.

ORDER THEREON.—The Government consider it very desirable that the duty of sanctioning loans should devolve on officers of standing and experience, and capable of discriminating between the wants of rival applicants and of judging the sufficiency of the security offered, as well as of accepting them in proper and efficient forms. Revenue Probationers cannot conform to this standard. But they can relieve the Amildar of some of his minor functions and set him free to attend to loan applications more quickly than may otherwise be practicable.

(3) Letter No. 9542, dated the 12th March 1909, from the Revenue Commissioner in Mysore :—

In reply to your letter No. R. 6424—R. M. 30-08, dated the 19th February 1909, asking me to submit definite proposals with reference to the marginally noted points on which I had sought the instructions of Government in my letter No. 4257, dated the 21st October 1908, submitting a consolidated return of manufactures in the State for the year 1907-08, I have the honor to state as follows :—

(1) What sort of works should be styled as factories and considered fit to find a place in the return?
(2) What works should be classed as mills? and (3) How the out-turn should be expressed in the case of each class of factories?.

2. It is necessary that some limitation should be imposed as regards the kind of factories that should be registered in the return. Otherwise, petty crafts and home industries may unnecessarily swell the number, and there may not be any uniformity in the preparation of the return or any means of checking its accuracy. If, on the other hand, adopting the definition given in the Mysore Factories Regulation (IV of 1892) we confine ourselves to such works as employ a daily average of not less than 50 persons, there will be only a very small number registered in the return which will thus fail to serve our immediate purpose, *viz.*, to get as fair an idea as possible of the industrial activity in the State. I would therefore propose that the factories or manufacturing concerns to be taken into account for purposes of the return may be those wherein the average daily number of people employed is not less than *ten* and which work for not less than 90 days in the year. This latter clause is intended to exclude those unsteady concerns which suddenly begin work and close after a short period. Of the works thus proposed to be eligible for registry, those wherein a daily average of not less than 50 persons is employed will be shown under "Large works" and the rest under "Small works" in the return.

3. As regards the question what works should be classed as "mills," I think the use of this word may be properly restricted to such factories as are worked by machinery. Thus in the case of oil mills (*vide* Serial No. 16 in the printed form of return) the ordinary or country ones (Gana) may be excluded from the category; so also under "rice mills" (*vide* Serial No. 14) the husking of paddy by ordinary manual labour should not be noticed in the return. It should, however, be impressed on all the officers preparing and submitting the return that whether certain works come under "mills" or not, all those wherein the average daily number of persons employed is not less than ten and which work for not less than 90 days in the year should find a place in the return, with fresh headings opened for them in case they do not come under any of the descriptions of factories set forth in column 2 of the printed form.

4. As regards the denomination in which the out-turn may be ordered to be expressed in the case of the several classes of factories, I propose as follows :—

Description of factory.	*Out-turn to be expressed in—*
1. Cotton ginning mills	... lbs (of ginned cotton).
2. Cotton mills	... lbs.
3. Cotton spinning and weaving establishments not classed as mills	... lbs.
4. Silk filature	... Maunds (of 960 tolas).
5. Silk mills	... lbs.
6. Woollen carpet weaving factories ...	... Yards.
7. Woollen mills	... lbs.
8. Iron and brass foundries	... Maunds (of 960 tolas)
9. Bone crushing mills	... lbs.
10. Dye works	... lbs.
11. Breweries	... Gallons.
12. Coffee works	... lbs.
13. Sugar factory	... Maunds (of 960 tolas) of sugar.
14. Rice mills	... Pallas (of 100 seers of 80 tolas).

Revenue Miscellaneous, dated 1st April 1909.

Description of factory.	*Outturn to be expressed in—*
15. Glass factories	... Dozen.
16. Oil mills	... Maunds (of 960 tolas).
17. Brick and Tile factories ...	... Units of 1,000.
18. Timber mills	... Cubic feet of timber sawn.
19. Cigar factories	... Number (of cigars and cigarettes).
20. Other factories such as—	
(*a*). Printing works	... Rupees (of value of work turned).
(*b*) Aerated water manufactory ...	... Dozen (of bottles.)

Letter No. 5015—R. 757, dated 2nd March 1909, from the Comptroller, Mysore Government :—

"I have the honor to report that the Superintendent, Government Gardens, has brought to notice an instance of the delay that has occurred under the present system of arranging for payments outside India through Messrs. Coutts & Co., London, and has suggested a change of the system in regard to the payments of small amounts being remitted by postal money order in order that much correspondence and delay that now occur might be saved in the adjustment of Government dues. I agree that the present system causes some delay especially when the payments are to be made outside the United Kingdom of Great Britain and Ireland—as, for instance, in Australia, as the parties in Australia and other places have to arrange with Messrs. Coutts & Co. in London for getting their dues. Such delay cannot arise in the case of remittances within the United Kingdom as the interval between the date on which instructions for payments are issued to Messrs. Coutts & Co. and the date on which the parties apply for and obtain payment cannot be what it is in the case of distant countries. In the case of payments of large amounts, the present system will have to be continued in the absence of better arrangements which are equally cheap. But in the case of small payments, I think that the postal money order system may be adopted for remittances to places outside the United Kingdom, and that the maximum limit for such remittances may, for the present, be fixed at £1 (or the equivalent of that sum in any currency) as the money order commission for remittances within that limit does not exceed 3 annas, which is not much in view of the correspondence and delay that will thereby be saved.

As the rules for admitting charges on account of money order commission prescribed in Government Order No. Fl. 6250-94—Agri. 91-05-9, dated 22nd March 1906, apply only in respect of remittances within India, I beg that similar orders may be issued for admitting charges on account of postal money order commission for remittances not exceeding £1 to foreign countries outside the United Kingdom of Great Britain and Ireland."

CIRCULAR.

Government observe, from some instances that were recently before them, that proposals for revisions of establishments are not generally accompanied by proposition statements in the prescribed forms, and accordingly draw the attention of the Heads of Departments and Deputy Commissioners to the procedure laid down in Article 57, Civil Account Code. When any addition to or alteration of the sanctioned scale of establishments, either temporary or permanent, is recommended, the proposal should invariably be accompanied by a tabular statement in Civil Account Code Form No. 5. The form referred to in Rule 23, Part I, Chapter II of the Financial Rules sanctioned in Government Order No. Fl. 1150-1192—18-1901-2, dated the 7th February 1903, duly filled up, should also be furnished, where the additional expenditure proposed, though unprovided for in the budget, has yet to be incurred in the financial year current at the time. The two said forms require verification by the Comptroller, and proposals for formation of new establishments or for alteration of old establishments should therefore be submitted through that officer in order that figures given in the forms to accompany such proposals may be examined and the necessary certificate appended thereto. Recommendations affecting establishments submitted direct to Government without complying with the requirements of the rules referred to above, will not be entertained.

No. FL. 6478-80—S. R. 187-08-2, DATED BANGALORE, 5TH APRIL 1909.

ORDER THEREON.—His Highness the Maharaja's Nirup dated 29th May 1818, to the Amildar of Malvalli, alienates "Sendi" in favor of the Inamdar. But the Inam Settlement conducted in 1879-80 reserved it to Government as it was not being enjoyed then. Neither has it been enjoyed since, there being neither a shop nor a grove in the village. The present owner of the village has not chosen to appear before the Investigating Officer and establish his right. Concurring, therefore, with the concurrent opinion of the Investigating Officer, the Deputy Commissioner and the Excise Commissioner, Government hold that this is not a case of a privileged Inamdar entitled to the toddy excise revenue of his village.

Letter No. 7815, dated the 22nd February 1909, from the Excise Commissioner, submitting the record of enquiry relating to the claim to the toddy revenue of Sarvamanya Bebi village, Krishnarajpete Taluk :—

"I have the honor to submit herewith the records of enquiry relating to the Inamdar's claim to the Excise revenue from toddy of the Sarvamanya village of Bebi in the Krishnarajpete Taluk together with the Deputy Commissioner's memo No. 565, dated 6th February 1909, forwarding the investigating officer's letter No. 4691, dated the 6th February 1909, and to state that I concur in the opinions recorded both by the investigating officer and the Deputy Commissioner that the Inamdars are not entitled to the Excise revenue from toddy of the village.

2. Maharani Cheluvajammanniavaru, consort of His Highness the late Maharaja Sri Krishnaraja Wadeyar Bahadur with the approval of His Highness, granted the aforesaid village with the two other villages of Honaganahalli and Dinka, on Sarvamanya tenure under a sannad, dated 27th September 1821. This sannad, among other items, concedes "Eachalpairu" to the Inamdars. At the Inam Settlement conducted in the year 1879, the Inam Superintendent Colonel Robert Cole has referred to the Asli case of Honagenahalli for all other remarks. From the Inam Register of enquiry of the latter village filed in the records, it will be observed that at the Inam Settlement, the right to sayer and toddy are conceded as per the sannad, the adverse finding of the Inam Assistant notwithstanding. It therefore follows that the right to toddy was conceded at the Inam Settlement of Bebi village also. The claim is further supported by the Inam title-deed.

3. In the case of the two others villages of Honagenahalli and Dinka, the Inamdar's claim to the excise revenue from toddy was allowed, as the right was supported by the sannad, the Inam title-deed and long enjoyment. The right in the case of Bebi village also would have had to be allowed had the Inamdars been able to produce evidence of enjoyment of the Excise revenue from toddy of the village during the twelve years preceding the year 1892-93. But no proof is forthcoming as to the enjoyment of the right at any time. Besides, there is no toddy shop in the village though a grove is reported to exist. In view of the total absence of enjoyment of this revenue, the Inamdar's right, if ever it existed, has to be viewed as having fallen into desuetude. I am, therefore, of opinion that the claim has not been established, and the case falls under Rules 4, 8 and 16 of the Rules of the 2nd August 1901."

No. Fi. 6497-9—S. R. 186-08-2, dated Bangalore, 6th April 1909.

Order thereon.—The Excise Commissioner's opinion is accepted and the claim to toddy excise is disallowed.

ORDER THEREON.—The sannad concedes "Eachalpairu" and the Inam Settlement concedes "Toddy" on the strength of the sannad, reserving all other items of abkari revenue to Government. But the Inamdars have not enjoyed this revenue for a long time. Concurring therefore with the Investigating Officer, the Deputy and the Excise Commissioners, Government hold that the right of the Inamdars to toddy revenue has not been established.

ORDER THEREON.—The Inam Settlement conducted in 1879-80 concedes toddy revenue to the Jodidar. But he has not appeared before the investigating officer and proved his enjoyment of this revenue subsequent to the settlement, in spite of his being personally served with notice of the enquiry. The claim was therefore decided against him *ex parte* under the authority of Government Order No. Fl. 5636—S. R. 48-06-2, dated the 24th January 1907, and the result was duly communicated to him on 6th November 1908. Every opportunity has thus been given to the Inamdar to prove his claim, if any, but he has not chosen to avail himself of it. Government, therefore, concurring with the Excise Commissioner's finding, direct that the Inamdar's claim to the toddy revenue be disallowed.

The following letter No. 7919, dated 26th February 1909, from the Excise Commissioner in Mysore, regarding the claim to the toddy excise revenue of Jodi Kodiyala Karenahalli village, Channapatna Taluk, Bangalore District :—

"I have the honor to submit herewith the records of enquiry relating to the Inamdars' claim to the excise revenue from toddy of Jodi Kodiyala Karenahalli village of the Channapatna Taluk in the Bangalore District, together with the correspondence ending with the Bangalore Deputy Commissioner's docket No. 965, dated 3rd February 1909, and to state that the village contains only a date grove but no toddy shop.

2. Two of the Inamdars appeared before the investigating officer on 4th March 1908 and promised to produce on a subsequent date the original sannad and other evidence of the enjoyment of the right. But in spite of several notices which were duly served upon them, the Inamdars neither presented themselves before the investigating officer, nor caused to be produced any documentary evidence of the enjoyment of this revenue.

3. The sannad appears to have been produced at the Inam Settlement. The village appears to have been originally granted by His Highness the late Maharaja Dodda Krishnaraja Wadayar on Sarvamanyam tenure to Vakeel Konia who enjoyed it for some time and divided it in the year Kilaka (1788) into 24 vritties, 11 of which were given in gift to the Vyasarayaswami Mutt and the remaining to 13 Brahmins free of tax. The village appears to have been attached during the time of Tippu Sultan and was subsequently taken on Izada and enjoyed on that tenure till 1801 and was granted on Jodi tenure by Dewan Purnaiya in the year 1802. The Nirup dated 9th February 1827 of His Highness the late Maharaja Sri Krishnaraja Wadayar III directed the Amil of Harohalli Taluk to recontinue the village of Kariyanahalli to the Vyasarayaswami's Mutt on payment of the Jodi formerly fixed on the village. In the absence of the original or authenticated copies of the above documents, it cannot be said whether the excise revenue on toddy was conceded or included in the beriz accounts of the village on which the Jodi amount was fixed.

4. At the Inam Settlement conducted in the years 1878 to 1880 the Inam Assistant, Mr. B. Rajagopaliah, has recorded as follows in column 19 of the Inam Register of enquiry of the village :—

"7. Sayer and Abkari are in the enjoyment of the Jodidars and they appear to have been enjoying the revenue thereof from the year 1846. No sannad is produced in support of the enjoyment. The Jodidars may therefore be allowed to enjoy the same for a further period of 20 years more under precis No. 6."

Under items enjoyed Sayer and Abkari are mentioned. In para 10 of column 20, the Inam Settlement has again remarked that "the Amil in his Itillah No. 37 of the 18th November 1880 reports that Sendi item is enjoyed by the parties in column 15 by letting out the date trees to the Government contractor and that the item of Sayer is also enjoyed, the Government paying the amount after deducting the costs, etc." Upon this the Inam Superintendent has remarked in para 11 that "above items are conceded." It is not therefore clear from the Inam Settlement whether it was the full right of the toddy excise that was recognised or only the limited right of tree-rent.

5. In the absence of any documentary evidence of the enjoyment of the right a number of witnesses appear to have been examined. One Nanjegowda of the age of 55 years in 1907, has stated that some 20 years back he had taken up the right of tapping and vending toddy in the village for Rs. 25 and again some 18 years back for Rs. 20. Krishna Naik of the age of 50 years, who says that he is even now a clerk under the toddy contractors, has stated that Messrs. Yele Mallappa Setty and Mysore Ramanna had taken up the toddy contract of the Bangalore City and had taken up the lease of the toddy trees in the Inam village for the supply of toddy to the city shops. Venkataranna Setty, aged 60 years, has deposed that some 30 years back one Mutta had taken up the Izara for five years for Rs. 100 and that he had stood surety for the latter. Mutta, an Idigar 60 years old, has stated that he had taken up the lease of the toddy trees in the village for the years Iswara and Bahudhanya. Lastly, one Chik Honne Gowda of 45 years of age has deposed that he had taken up the Izara of the village during the years 1881-82-83, and that he had gutta chits but that the same are missing.

6. The aforesaid statements go to show that the Inamdars were leasing out the right of vending toddy in the village as well as the date trees. In the absence of any documentary evidence these statements stand alone. In an important matter like the allowing of an

Inamdar to enjoy the excise revenue from toddy of the village, I am strongly of opinion that the claim cannot be allowed on oral evidence alone. Any defect in the documentary evidence might be made good by oral evidence, but the latter cannot entirely replace the former. In view of the non-production of the sannad, the non-committal decision at the Inam Settlement, the non-existence of a shop in the village, and the total absence of any documentary evidence of the enjoyment of the right at any time, I have come to the conclusion that the claim has not been established. The case therefore falls under Rules 4, 8 and 16 of the Rules of the 2nd August 1901."

No. Fl. 6878-80—S. R. 197-08-2, dated Bangalore, 21st April 1909.

Order thereon.—For reasons explained in the letter read above, the claim of the Jodidars to toddy excise revenue of the village in question is disallowed.

Letter No. 554—C. S. 64, dated 11th March 1909, from the Registrar of Co-operative Societies in Mysore:—

"Adverting to Rule 7, proviso (*b*), of the Co-operative Societies Rules, published with Government Notification No. J. 982—Legis. 4-3, dated 27th September 1905, I have the honour to bring to the notice of Government, that the quorum therein prescribed for the making of or altering or abrogating the bye-laws of any Co-operative Society at a general meeting is found in practice to be too high. Large societies in places like Mysore and Bangalore where the number of members on the roll is generally high, find it practically impossible to get together on every occasion, when needed one-third of the total number of members, owing to sickness, absence from the place and such causes, and consequently questions involving important alterations or amendments in the bye-laws have to be dropped, although by previous circulation of the papers to the members, there may be an assurance that more than a third of the total number are in favour of the proposed alterations and additions. Several of the bye-laws of the earlier societies need revision in the light of the experience since gained, but the rigidity of the rule above quoted has prevented all attempts at benefiting by the experience so gained. I beg, therefore, to propose that in Rule 7, proviso (*b*), adverted to, the words "*and by not less than one-third of the total number of the members*" be omitted, inasmuch as under proviso (*c*) of the same rule, the Registrar can keep watch that no obnoxious changes are introduced into the working or constitution of a society. In cases of doubt, it will be open to the Registrar to call on the society to procure the opinion of a majority of its total number of members."

No. Fl. 6825—B. 45-08-2, dated Bangalore, 20th April 1909.

Order thereon.—The alteration or abrogation of the bye-laws of a society is an important matter, and it is desirable to obtain the consent of as large a body of the members of the society as is practicable. The Bombay and Coorg rules, on which the local rules were based, fix the quorum at on-half the total number of members, whereas the present limit was purposely lowered in our rules to one-third. The Registrar's suggestion to take away the limit altogether is inexpedient, as there would then be no guarantee that bye-laws may not be made and altered on insufficient necessity and by a handful of the members of a society. The Government are accordingly unable to sanction the proposed alteration of the rules.

2. The following letter No. 5525—285, dated the 5th March 1909, from the Registrar, Chief Court of Mysore:—

"Adverting to para 3 of the Proceedings of Government No. 1680-88—Cts. 121-08-3, dated 12th December 1908, I am directed to state that the explanation offered by the District Magistrate of Mysore, for the high average duration of appeals disposed of in 1907-08 is that the entire burden of hearing all the appeals of his district fell on him owing to the absence of any other First Class Magistrate with appellate powers, which necessitated some delay. The District Magistrate of Shimoga explains that the high average duration in his district was due to long adjournments granted in three appeals on account of his absence from head-quarters for sandalwood and excise sales as well as Jamabandi work. The Tumkur District Magistrate explains that the average duration was really 16·94 and that the figure 29·37 given in his Administration Report was wrong.

Though, in the opinion of this Court, the Revenue officers who are Magistrates may be able to bestow more time and attention on criminal work than is now the case, properly qualified assistants, whenever available, may be invested with appellate powers so as to relieve the District Magistrates of part of their criminal appeal work."

No. J. 2967-75—Cts. 121-08-11, DATED BANGALORE, 6TH APRIL 1909.

ORDER THEREON.—Recorded with the remark that Government will be prepared to take action on recommendations from the Chief Court for investing suitable Assistant Commissioner Magistrates in districts with appellate powers. At the same time, it is important that District Magistrates should keep touch with the work of Subordinate Magistrates by themselves dealing with a proper proportion of the appeals which come up.

2. The explanation of the District Magistrate of Shimoga is inadequate.

No. J. 3203-14—Cts. 202-07-4, DATED BANGALORE, 19TH APRIL 1909.

ORDER THEREON.—The members of the Representative Assembly have represented from time to time the desirability of having Benches of Honorary Magistrates for the disposal of petty criminal work in the Cities of Bangalore and Mysore and in the head-quarters of the other districts. The Chief Court, to whom the suggestion was referred for opinion, recommend that the system may be introduced as a tentative measure in the Cities of Bangalore and Mysore.

2. Government observe that the institution of Honorary Magistrates is no new one. It is in existence in the larger towns of British India and also in the Civil and Military Station of Bangalore. The measure, if adopted, is likely to give relief to Judicial officers like the City Magistrates of Mysore and Bangalore, the more especially as the files of these officers are stated to have become very heavy after the Amildars of those taluks were divested of Magisterial powers. The scheme commends itself to Government as one worthy of adoption and they are therefore pleased to direct that it be tried as an experimental measure in the Cities of Bangalore and Mysore, where there are a large number of retired officers and other qualified gentlemen, who will be disposed to place their honorary services at the disposal of the State. The District Magistrates concerned are requested to submit the necessary proposals to Government at an early date, specifying the names of the gentlemen who may be appointed Honorary Magistrates, the places where each Bench should hold court, the minimum establishment, if any, required, etc.

3. The following rules will be laid down for the guidance of Benches of Magistrates:

(1) The Bench shall try such cases or classes of cases as the District Magistrate may, by special or general order, from time to time, direct.

(2) The District Magistrate shall fix the place and the dates and hours at which the Bench shall sit.

Provided that the Bench may hold one or more adjourned sittings, if this is found necessary for the disposal of business or of part-heard cases.

(3) The Chairman of the Bench for the time being shall be the Magistrate of highest powers present at a sitting. Where two or more are of equal powers, the Bench may elect its own Chairman, provided always that it shall be in the discretion of the District Magistrate to appoint the Chairman for each time of sitting, or generally.

The Chairman with one other member shall form a quorum.

(4) It shall be the duty of the Chairman to maintain order, conduct the proceedings of the Court, and exercise all the functions in that behalf usually exercised by a Magistrate when sitting alone. It shall be open to any member of the Bench to put any questions to parties or witnesses, either direct or through the Chairman, as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

Judicial and Legislative (Courts), dated 19th April 1909.

(5) In the trial of the ordinary cases, the Chairman shall generally record the evidence and judgment; but such duty may, with his consent, be performed by any one of his colleagues.

In the trial of summary cases where the Bench has been invested with summary powers, the necessary record shall be prepared by the Chairman or one of his colleagues; but in every case, the record must be signed by each member of the Bench who is present.

(6) Each member of the Bench shall have a voice in deciding as to the admissibility of evidence and in the finding and sentence. Differences of opinion shall be settled by the votes of the majority of the Magistrates present, the Chairman having the casting vote.

Letter No. G. 434, dated the 21st January 1909, from the Senior Surgeon with the Government forwarding a copy of the following letter No. 321, dated the 24th December 1908, from the Senior Surgeon in charge of the Lunatic Asylum, Bangalore :—

"I have the honor to bring to your notice that criminal lunatics are invariably sent to this Asylum under special orders of Government but without any history whatever; whereas in Madras and elsewhere the order of committal of such lunatics is accompanied by copies of medical certificate of insanity and history sheet, and the order of the Court before which the criminal may have been tried. As each individual case of insanity has to be studied with a view of understanding the kind of care to be taken, the method of employment, etc., I request the favor of necessary arrangements being made for furnishing this office in future with a copy of the medical certificate and history sheet as in the prescribed forms A and B, Medical, together with a copy of the charge sheet and the order of the Court before which the lunatic may have been tried."

No. J. 2902-11—PRIS. 46-08-2, DATED BANGALORE, 2ND APRIL 1909.

ORDER THEREON.—The Judges of the Chief Court, who were consulted in the matter, are of opinion that the proposals of the Senior Surgeon may be approved with the exception of the one relating to medical certificate (Form A), on the ground that criminal lunatics are sent to the Asylum under the orders of Government and not on the opinion of a medical officer and that cases are conceivable where the opinion of the medical officer may differ from the view of the Court in which the lunatic is tried.

Government, however, consider that the possible disagreement between the medical officer and the Court in the case of criminal lunatics is immaterial as the orders of the Court are passed only after eliciting some medical opinion and as, for the purposes of committal to the Asylum, the finding of the Court (and not that of the medical officer) will be held as conclusive. Whenever a supposed lunatic is sent to a medical officer for examination under Section 464 of the Criminal Procedure Code, the medical officer should be required to give a certificate in Form A in addition to his examination in writing as laid down in that section. The object of the proposed change is simply to supply the officer in charge of the Asylum with all available information about the history and condition of each individual lunatic for the purpose of treatment and care in the Asylum. Government are therefore pleased to approve of the proposals contained in the letter of the Senior Surgeon in charge of the Lunatic Asylum and direct that whenever a Magistrate or Judge reports the case of a criminal lunatic for the orders of Government, under Sections 466 and 471 of the Criminal Procedure Code, he shall forward to Government copies of the charge sheet and order in the case and also copies of the medical certificate (if any) and history sheet in the prescribed Forms A and B appended to Government Proceedings No. J.2130-39---Pris. 8-05-28, dated the 16th January 1908.

Order.—In continuation of the instructions issued under Government Proceedings No. J. 2802-42—Police 147-07-2, dated the 18th March 1908, regarding the interpretation of the words "temporarily residing" which occur in Rule 1, clause (5), of the Rules framed under the Mysore Arms Regulation, Government are pleased to lay down that continental Europeans who have settled in the State for a term of years but have not adopted a Mysore domicile are entitled to the benefit of the exemption granted by the above-mentioned clause of the said Regulation. Further, a person who is exempted under Rule 1, clause (3), of the Arms Rules, in his capacity as a volunteer, does not forfeit that exemption by reason of the fact that he may not be eligible for exemption under the provisions of Rule 1 (5) of the Rules under the Regulation.

READ—

Letter No. 4399—441, dated the 13th February 1909, from the Inspector-General of Police in Mysore, submitting a report on the capture of a dangerous gang of dacoits known as Pamlores in the Kadur District on the 9th October 1908:—

"1. I have the honor to forward herewith a copy of an interesting joint report by the Assistant Superintendents of Police, Kadur, Shimoga and Chitaldrug Districts, received from the Deputy Commissioner, Kadur District, with his No. 348, dated the 2nd instant, *re* the capture of the members of a gang of dacoits in October last.

2. These dacoits are known in this Province as Pamlores. They are mostly of a Telugu ancestry, their original abode having been on the banks of the Tungabhadra in the Krishna District. Their field of operations has extended over a large country comprising the Telugu Districts of Madras and Hyderabad, the Southern Mahratta Districts of Bombay and the Northern Districts of the Mysore Province. Hence they speak with fluency Telugu, Mahratti and Kanarese. But the dialect in which they speak amongst themselves is a corrupt form of Telugu with an admixture of Kanarese and Mahratti and is generally unintelligible to others.

3. Being a wandering class of people, they mostly live in huts. By heredity, they are criminals and as such they hardly take to agriculture. Wherever they have settled down as an agricultural class, it is only as an ostensible means of living, the chief object of the settlers being to give shelter to the supernumeraries who commit depredations and spend their days mostly in jungly places, etc., and visit the permanent huts only occasionally. The old and the infirm males and the females and children live in huts. The females are the principal channel of information to the supernumeraries, and it is very rarely that an outsider is employed as an informant. The 'Notes on Criminal Classes in the Bombay Presidency' by Mr. M. Kennedy, Deputy Inspector-General of Police in Bombay in 1907, contain an elaborate account of this criminal tribe under the head 'Kaikadis.' No better history of the habits, appearance, disguises adopted and crimes to which they are addicted, can be given (*vide* pages 63 to 83 of the notes referred to above—printed at the Bombay Government Central Press, 1908). They are a very dangerous and daring class of dacoits. During the past four years, they have given the Police a considerable amount of trouble, and being a semi-wild class of people, they have often been able to evade the pursuit of the Police. One of the significant character of the members of Pamlores is that they are so reticent that there has hardly been a case in which a Pamlore has been induced to confess his guilt. When caught, his whole mind will be devoted to one thing and that is to devise a means of escape. Instances are not wanting in which they have successfully carried on their plan of escape.

4. Before the year 1904 their appearance in this Province was only occasional and they seem to have made no attempt to settle down in one place of centre to carry on their work of depredation. During the early part of 1904, they poured into the exposed districts of Shimoga and Chitaldrug in small batches, and for the first time, they made their appearance in the dacoity committed in the house of one Nadig Gopalappa in Honnali, Shimoga District. In this, they committed a dacoity conjointly with some Korachars, one of whom turned out an approver. But the Pamlores escaped conviction and left Mysore. The place became too hot for them and they dispersed in several directions. At this time, about 16 gangs appeared in this Province, principally the gang of Kanchi Gollars headed by Krishna *alias* Mariga better known as Karbhari Krishna; a gang of 18 men headed by Rama *bin* Honnura since captured in the Nagamangala gang and the gang of Avala Gopala. Two of these gangs were proceeded against, one as having been in possession of stolen property under Section 412, Indian Penal Code, and the other under the security sections of the Criminal Procedure Code. Three members of the former gang were convicted and sentenced to five years' rigorous imprisonment each and the latter

released on the condition of their promise of going away from the Province. The rest of the gangs referred to above, were passported. Most of these gangs were found in the Harihar Sub-Taluk of the Chitaldrug District and two or three in the Honnali Taluk of the Shimoga District. Some of them that were passported, were afterwards proceeded against in the Bellary District and were convicted, some having been concerned in dacoities and others under the security sections of the Criminal Procedure Code.

5. Again, in 1906, they began to pour into the district of Chitaldrug when Mr. B. Ramaswamaiya, Assistant Superintendent of Police, did his best to drive them out of his district and got some of them bound over for good behaviour. In this second venture, the gangs of Pakeera and Avala Gopala were the most active ones. There were more dacoities and burglaries this time, and also the centres of their operations were more than one. These places were in the Honnali, Channagiri and Shimoga (Mavinkere) Taluks of Shimoga District, Hosdurga of Chitaldrug District, Kadur Taluk, and Banavar and Kanakatte in the Arsikere Taluk of the Hassan District. There were also larger number of prosecutions. In the general search that was ordered for the capture of the Pamlores, the dare-devil Pichiga and some members of his gang were by chance caught. Some of the Pamlores were also captured and received long terms of imprisonment. Some of these Pamlores were released from the Central Jail at Bangalore in about the end of June 1908 and were able to join their comrades at Nagamangala and Mavinkere just in time to take part in the Navanagere, Ranibennur and Masoor dacoities.

6. The excursions of the dacoits on these two occasions are given in detail in Part II of the joint report which gives a connected history of the depredations of the Pamlores into the Province of Mysore. It may be noted that some of the notorious members who were found in the early batches were present in the gangs captured in the attack of the 9th October last.

7. They became busy again in the latter part of 1907 and early part of 1908 and attracted greater attention of the Police here and in Bombay. A number of dacoities were in succession committed in the districts of Karwar and Dharwar and Mysore Province and the investigation in connection with the property recently recovered goes to show that they are involved in one or another in those series of dacoities. The District Superintendents of Shimoga, Kadur, Chitaldrug, Hassan and Tumkur met at Bangalore on the 3rd August 1907 under the Presidency of Mr. Carr to concert measures for the capture of the gang and the result was a general search in the jungles with the help of the villagers which instead of helping the object of capturing them scared the dacoits. This series of dacoities was culminated by a heavy torch-light dacoity in Harapanahalli committed on the 6th December 1907 in which property worth Rs. 20,000 was lost. The culprits were traced to a gang in the Shimoga District. But all of them could not then be secured. They have since been found in the gang captured at Mavinkere on the 9th October 1908.

8. From the diaries of the Assistant Superintendents of Kadur, Shimoga and Chitaldrug Districts, I learnt that the dacoits were being scared away without an attempt to capture and book them for the various burglaries or house-dacoities in which it had been suspected they were concerned in one way or another. In April 1908, I instructed Mr. B. Ramaswamaiya not to drive them away from his district but instructed him to watch their movements and find out the receivers of stolen property. I was aware of the gang settled at Virapur in the Tarikere Taluk and had heard that there were supernumeraries connected with the gang. In order to know more of their movements, I went to Arsikere, Birur and Ajjampur at the end of May 1908 and seriously went into the matter of collecting information. I made searching enquiries on the spot and gave orders to withdraw the Police surveillance placed over the gang in order that the supernumeraries might have opportunities to visit the huts in day time, arranging at the same time for careful watch by means of private agency—and by the Police *incognito*. My main object in these enquiries was to take some concerted action so that efforts might be made either to induce these dacoits to settle down to peaceful avocations or to capture them once for all

at an opportune time. I discussed the question severally and collectively with the Superintendents of Police. I subsequently sent for the three Superintendents of Kadur, Shimoga and Chitaldrug to Bangalore and consulted them in the matter. One or two proposals were suggested, one of them being to devise means for alluring the supernumeraries to visit their females on a particular day and then to capture them when drunk. This did not meet with my approval. I learnt that Mr. Nadig Guru Rao of Baggavalli was in the confidence of the female members of the gang settled at Virapur and was to some extent aware of the visits of the supernumeraries. I wanted to secure the dacoits through this person and accordingly I gave needful instructions to Mr. Guru Rao to collect information as to the number of supernumeraries belonging to each gang, the relationship existing between one gang and another, the persons who had been in the habit of receiving stolen property and the recovery of such stolen property. The Superintendents of Chitaldrug, Kadur and Shimoga and Inspector Desh Pande of Southern Division, Dharwar District, met in conference under my instructions at Holalkere twice. The proposals they made were not acceptable to me as no evidence had been collected implicating the members of the gang with any offence. So arrangements were made to secure reliable information. While our measures for the capture were being thus matured, the dacoities of Ranibennur and Masoor occurred on the 1st and 2nd September, respectively, and the perpetrators of them were traced to have entered Mysore. I again went to Kadur on the 23rd September 1908 to concert measures to be adopted for the capture with the Superintendents of Chitaldrug and Shimoga and Inspector Desh Pande. After two days' deliberations, I decided to have them captured on the 5th October 1908 which was subsequently changed to the 9th October 1908. Mr. Wilkinson who was absent on leave at the time was called back from Ajmere.

9. The stronghold of the Pamlores was Erapur near Ajjampur and they owing to the outbreak of plague in their permanent huts, had temporarily encamped at Kortigere in an open place commanding a bird's-eye-view all round and hence making it difficult for approach in day-time. Mavinkere near Benkipur in the Shimoga Taluk and Hanumanahalli near Banavar in the Arsikere Taluk were the next two places where also a number of supernumeraries had been supposed to meet.

10. When everything was ready for capture, I wired for Messrs. Ramaswamaiya and Wilkinson to Mysore, where I was at the time for the Dasara, and discussed the matter with Mr. K. R. Srinivasa Iyengar, Deputy Commissioner, Kadur District, and the two Superintendents and finally settled the details of capture. Mr. Srinivasa Iyengar and myself left Mysore on the 8th for Bangalore and left the latter place on the morning of the 9th October 1908 taking with us the men from the Special Reserve, Bangalore City, and the Training School. The men were railed straight to Shimoga in order that no suspicion of the arrangement to capture the Pamlore might spread. Mr. Srinivasa Iyengar went to Kadur and I got down at Arsikere and from there motored in the evening to Banavar, where I left Mr. S. Narain Rao, Assistant Superintendent of Police, Hassan, with Inspector Puttannaiya and Sub-Inspector Seshachar to surround the members of the gang at Hanumanahalli and Ganjigere of Arsikere Taluk and Sannakki Koppal of Kadur Taluk. I left Kadur in company with Mr. Srinivasa Iyengar at about 9-30 P.M., and reached Jodikatte at 11 P.M., and from there with Mr. Guru Rao to guide, we went on, walking the rest of the distance of nearly five miles to the scene of capture, and reached the place at about midnight just when the capture had successfully taken place. When we were about 3 furlongs from Kortigere we heard the signal gun-fire. A very graphic description of the capture is given in Part III of the joint report. It is with much pleasure that I am able to report for the information of Government that the plan of operation as laid out by Mr. K. R. Srinivasa Iyengar and myself was carried out most satisfactorily by Messrs. Wilkinson, Ramaswamaiya and Ranoji Rao, who were ably assisted by Inspectors Mr. O'Doherty of Bangalore City, Shama Rao of Police Training School and Narain Iyer, Head-quarter Inspector, Chitaldrug. Mr. Srinivasa Iyengar and myself remained with the party till day-break, after which we left it, leaving instructions for the search of the huts, and again repaired to Kortigere by 9 A.M.

11. The operations at Mavinkere were also successful except for the escape of Peerya, one of the leading members of the gang. At Kortigere, Sanga and Sidda, also important members, had effected their escape, but it is gratifying to note that soon after, they were captured with the exertions of Inspector Venkatagiri Iyer of Kadur Taluk and the co-operation of Thimma Jetty of Avalahalli, Kadur Taluk, at whose house, which is situated in a garden at an out-of-the-way place, it was ascertained they had arranged to meet a pleader from Chikmagalur by name Manjiah for the purpose of engaging his services to defend their comrades who had been captured. Thimma Jetty gave the information in time. The house was surrounded and Sidda, Sanga and another Venkataramana were captured.

12. At Hanumanahalli none was captured, probably due to the members having been warned of the preparations to capture them. * * *

13. The total number of dacoits captured was 24 at Kortigere and 11 at Mavinkere on the night of the 9th October 1908 and three subsequently in the house of Thimma Jetty, making a total of 38 men.

14. Property worth in all Rs. 5,302 has been recovered and that worth Rs. 2,857 has been identified as being connected with six cases. I have ordered the publication in the Gazette of the description of the remaining property worth Rs. 2,445 which has not yet been identified.

15. In this connection, I beg to bring to the notice of Government the good work done by Messrs. Wilkinson, Ramaswamaiya and Ranoji Rao. Mr. Ramaswamaiya's services were very useful as he had the special knowledge of the doings of the several members of these gangs. He had, indeed, made a special study of these people. A great deal of detailed information with which he was able to acquaint us, was of immense service in laying out the plan of capture. In fact he was the principal officer entrusted with the minor particulars connected with the capture. In appreciation of the services of these officers, I beg to submit to Government the following recommendations in respect of them for favorable consideration.

* * * * *

19. The three Superintendents have submitted reward rolls in favor of the men who did good work, which in due course will be sanctioned by me.

20. I have herewith forwarded for the information of Government the photographs of the members of the gang under reference.

21. My thanks are due to Mr. K. R. Srinivasa Iyengar for his very valuable suggestions and hearty co-operation all through and to the Assistant Superintendents of Police and other Police officers who took part in the capture."

From T. F. Wilkinson, Esq., Assistant Superintendent of Police, Kadur District, B. S. Ranoji Rao, Esq., B.A., Assistant Superintendent of Police, Shimoga District, and B. Ramaswamaiya, Esq., B.A., Assistant Superintendent of Police, Chitaldrug District, to D. Devaraj Urs, Esq., Inspector-General of Police in Mysore, Bangalore, through K. R. Srinivasa Iyengar, Esq., M.A., Deputy Commissioner, Kadur District.

We have the honor to report as follows on the capture of a dangerous gang of dacoits known as Pamlores or Kalla Koramars and the subsequent investigation that led to the detection of several dacoities and burglaries committed by them in and out of Mysore during the calendar years 1907 and 1908.

PART I.

PAMLORES, THEIR DESCRIPTION, HABITS AND DOINGS.

In order to have an idea of this class of criminals known as Pamlores who are dealt with in this report, it seems necessary to give a short account of their

Judicial and Legislative (Police), dated 13th April 1909.

characteristics which mark them out from the other criminal classes that infest the country.

Pamlore.

2. The Pamlores are a sect of a criminal tribe known as "Kaikadies" in the Southern Mahratta Country and are so called on account of the "Pam" or snake which they carry from house to house when they go a-begging. They are also called Kalla Koramars especially in the Karnatic owing to their intuitive criminal tendencies. Like other Kaikadies, of whom there are several sub-divisions, the Pamlores have four "Gotras" or clans, namely,—

1. Satpadi
2. Menpadi
3. Kavadi and
4. Mendragutti.

They are to be found more or less in all the districts and States of the Deccan and the Southern Mahratta Country and are considered to be a set of highly dangerous criminals so much so that, as Mr. Kennedy, Deputy Inspector-General of Police, Bombay, describes them, they are, in the districts of Dharwar, Belgaum, Sholapur and Bijapur of the Bombay Presidency, a source of anxiety to the Police.

Names assumed by Pamlores.

3. The Pamlores being a criminal tribe subject to Gang Rules, assume disguises during their predatory excursions in order to avoid the surveillance of the Police and describe themselves under the following names:—

1. Adavi Gollars.
2. Danada Gollars.
3. Doddi Gollars.
4. Yenama Gollars.
5. Maddina Gollars or Vaidyas.
6. Havina Gollars or Modicars or Garodies.
7. Handi Gollars.
8. Telugu Gollars.
9. Pakanati Gollars.
10. Kachi Gollars.
11. Peddati Gollars.
12. Musthu Gollars.
13. Harana Gollars.
14. Yerra Gollars.
15. Telugu Dasaries.
16. Hennu Dasaries.
17. Gandu Dasaries.
18. Jhinga Bhovis.
19. Manigars.
20. Koli.
21. Arekasale or Are Kurubars.

Habits and ordinary appearance, dress, etc.

4. The Pamlores are a nomadic tribe. A few settle down here and there as mat-makers and day-labourers, but a majority of them move about in gangs accompanied by their women and children with donkeys and dogs. They live in small temporary portable huts made of mats, etc., and encamp on commanding sites in the vicinity of jungles or hills affording shelter to the supernumerary male members of the gang whom they take care to screen from view. In the camps will be generally found old and infirm men, while those who are able-bodied periodically disappear for purposes of crime and when they return they keep aloof till they are satisfied that no suspicion has been directed against them. When the Pamlores enter a district they generally settle in different batches scattered here and there at convenient distances and before setting out for purposes of crime they collect suitable men from each camp.

Except the old men who wear the indispensable langotis the others go dressed as Vakkaligars with panches, coats and turbans or vastras. As a rule, the men are hardy and of fairly good stature and do not appear unkempt. The women wear sadies and kuppasas or bodices and put on mostly silver and brass ornaments and strings of corals round their necks. They are tattooed on their forearms, foreheads, corners of the eyes and cheeks and chins. They are generally dirty and uglyl-looking. When they are found in groups without the males they pretend that they are either unmarried or widows. They help their men in spotting houses, secreting and disposing of stolen properties and act as spies over the action of the Police and are of loose morals. Both sexes are inordinately fond of drink and indulge in it to excesses after a big haul, getting the liquor in large quantities to their own camps, paying the liquor-sellers very liberally for transgressing the Excise Rules. These liquor-vendors try to help them by withholding all information about their doings. When a foreign-liquor shop is at hand, they go in largely for whisky and brandy.

5. Pamlores speak a corrupt form of Telugu and they can also speak with sufficient fluency Kanarese, Hindustani and Mahratti. Among themselves they have a peculiar slang and a system of secret signs to communicate their thoughts so as to be not understood by others. They sing crude songs in Telugu.

Language.

In their depredatory tours, some of the men set out a-begging from house to house playing on their gourd-pipes called "Pungis." Others go dressed as "Sanyasis" or "Jungalis" with strings of Rudrakshis interspersed with blue beads and the vertebral bones of snakes round their necks, and orange-colored head cloths. Some go with four-cornered bags called "Joliges," containing pieces of roots and herbs, professing to be Maddina Gollars or Vaidyas; they are also dressed as Dasaries with "Namas" or forehead marks or Jangamas besmeared with ashes. Large folding knives, small nets and snares are seen in their bags and these are used for catching squirrels and partridges, and sometimes false beards with mustaches are also found with them.

Disguises.

6. The Pamlores have no honest profession worth the name. Crime is the only hereditary occupation they are known to be addicted to and in it they are daring and invariably ruthless. The few that ostensibly prepare mats and work as labourers do so as a cloak to evade suspicion. At times they call themselves bead-sellers or "Manigars" and as such they cheat credulous villagers by passing off brass beads and sundry trinkets as gold. On reaching a place they first try to secure an influential receiver, and when they succeed they sometimes manage to become ostensibly the cultivators of his lands, chiefly to guard against being bound over as vagrants. The women are no less light-fingered than the men, but their thefts are confined to shandies and fairs. They steal fowls in villages when they go out begging by drugging them with raw rice soaked in Dathura poison. Another trick of theirs is to go in batches to a shop in the shandy and when one woman asks for change for a rupee on pretences for making sundry purchases, another lets loose a fangless cobra near the shop. The crowd getting frightened at the sight of the cobra run for their lives and the shop-keeper does likewise, when the Pamlore women and children standing by, steal his articles exposed for sale. The woman who first tendered the rupee for change, however, remains there like an honest villager until she gets her change.

Profession.

7. The Pamlores are particular about their good and bad omens. While on the way, should one of them sneeze once or is questioned by others whither they are going they at once turn back and take a different route. A single Brahmin coming from the opposite direction or a crow or a serpant crossing their way from right to left are considered to be inauspicious. Before starting they generally sacrifice a goat to their family deity and make a vow of a similar sacrifice after safe return with booty. This they do by keeping a coin knotted in saffron-tinted cloths and invoking the grace of their deity for success in their depredation.

Omens and superstitions.

8. The Pamlores very rarely take to road dacoities, because the chances of booty are uncertain. When they set out in small batches they commit house-breakings, and when their number is large they commit house-dacoities. Before committing house-breaking or dacoity they spot the houses several days previous to the intended attack. This is done by one or two intelligent men who move about in disguises on pretence of begging or selling herbs or roots as stated above. They study the situation of houses, their approaches, the position and nature of the doors and windows, the number of the inmates in the house and their servants and gauge the affluent condition of the family by the ornaments and clothing worn by the women and children. The information thus gathered is taken to the camp and in a meeting presided by the headman the order in which the houses are to be dacoited is decided upon. This done, the members to constitute the party are selected and they start in small batches in different directions and meet in time at the rendezvous previously arranged. Some travel by hired carts well dressed on the plea of going to attend a marriage or on a pilgrimage to a shrine, and should the cartmen on the way suspect,

Modus operandi.

they are taken into confidence and liberally remunerated to keep the matter secret. When a member of the gang who goes to fetch provisions or drink is unfortunately caught on suspicion by the villagers, he often pretends to be deaf and dumb and is many a time let go as an innocent person. He is sometimes handed over to the Police, when he continues the same trick or feigns madness or sickness and tries to get off. But should his dodges fail, he resigns to his fate and comes out with false names, places, caste, etc., thereby giving ample opportunities for his comrades to run away from the neighbourhood on receipt of information of his detention brought to the gang by another who invariably goes with him and keeps at a distance. On meeting at the appointed place and on the eve of the dacoity, the Pamlores settle among themselves the several parts which each has to take in the commission thereof and equip themselves for it. Here they prepare clubs, torches, slings, collect stones, change their dress and sometimes smear their faces with ashes to avoid identification. They arm themselves with swords and guns if they could secure them. On approaching the house marked, the doors of neighbouring houses are fastened from outside to prevent the inmates thereof from coming out to give help. Guards are posted with slings and stones, roads and lanes are sometimes barricaded by prickly-pear and jali thorns. An entry into the house is then attempted in diverse ways. Near the door frames they bore very neat holes sufficient to admit of a hand being thrust in to remove the chain or latch on the inside. They also resort to the trick of mewing like cats or knocking at the door and expect some stupid inmates of the house to open it to make enquiries. They take this opportunity to rush in. When this trick fails they break open the doors by force by throwing big stones against them or by hewing them with axes which they carry with them. Being experts in the use of slings, they keep continuously pelting stones in all directions to scare away those who come for help. The torches used in the dacoity are short, the rag being neatly rolled on thin sticks and soaked well in gingelly oil. The cloth before being rolled on the stick is put in kerosene oil and dried so that it may be lighted quickly. Free use is also made of lamps found in houses. With a view to terrify the inmates they pretend to have brought fire arms by crying out "Bandookh Oodav." Cries of "Din, Din," "Lagav, Maro," are raised to make the inmates believe that some of the members are Mahomedans. The moment they gain entrance into the house, the inmates are frightened out of their wits, some are gagged and belaboured unmindful of the consequences. Jewels and valuable cloths are removed from the wearers. Boxes and trunks are broken and rummaged on the spot and the articles sent out as they are removed. Even iron safes are broken open and the house will have been plundered before any substantial local help could be rendered. The women are roughly handled and often outraged. They are so reckless in their acts that resistance to them invariably means certain death to the opponents. Fire-arms are the only weapons they are afraid of. If they find themselves pursued by the villagers while retreating they shout out "Hidi, Hidi (catch)" and run, pretending to catch, and thus escape. The torches are generally thrown behind and in some cases carried to some distance and thrown there, the dacoits themselves taking another direction. After reaching the place where they left their clothes they examine the booty and arrange for its safe conveyance to their camps through jungle-paths. The bulk of the men after resuming their dress return walking or by carts to their camps by separate paths, taking good care not to keep any house-breaking instruments or other compromising weapons with them.

Disposal of property.

9. The division of property obtained during the dacoities does not generally take place immediately. The Pamlores wait till the attempts of the Police in the way of detection are slackened. During the distribution of the booty provision is made for widows and the families in Jail. After distribution the property is usually entrusted to a matron in the camp for safe custody. Goldsmiths were once employed for melting the jewels; but the Pamlores have themselves learnt the art of late. The property is buried in the jungle in the vicinity of their camp, and the women when taken by surprise, secrete it often about their persons and in their clothes. Small ornaments on the eve of their sale for current expenses will be found concealed in grain pots. The

disposal of property begins with the sale of small ornaments to the local liquor shop keepers and villagers, and when the dacoits find that no information of this has leaked out, induce the money-lenders and bigger sowkars to purchase their valuable jewellery, which are generaly sold in a somewhat altered condition or melted form. After sufficiently securing the confidence of the sowkars in the neighbourhood, they take them to lonely spots for handing over the stolen property and there rob the sowkars of the large sums of money which their avarice prompts them to take for the cheap bargain. Brass and gilt ornaments have very often been palmed off for gold ones. It is also ascertained that while showing the touch of gold they sell, they conceal a small bit of good gold in their nails and rub it instead of the piece for sale which they, however, pretend to rub on the stone. Instances are not wanting in which Pamlores have tempted respectable lawyers to accept gold instead of ready money for their fee.

Conduct during enquiry.

10. Once caught, the Pamlore pretends to be very docile but all the while keeps thinking of how to escape and adopts all sorts of tricks to accomplish the same. He rarely confesses and does not give out any information which will lead to the discovery of properties. When under the influence of liquor during feasts and in the company of his trusted friends, he exults over his past achievements and it is only then that the Police may succeed in getting a clue through their detectives. The women secretly go to the receivers and warn them of the risk they would run by exposing the gang. The unarrested members of the gang or their women engage counsel for the defence through their receivers and in almost every case the fees they pay to them are exorbitant. During trials in Courts they never fail to threaten the witnesses to deter them from giving evidence by saying that they would, on their return from incarceration, set fire to their houses and "widow their wives." When appearing in the dock, they change their dress by mutual exchanges day after day to puzzle the witness identifying them, and even create confusion during such identification.

PART II.

The action of the Mysore Police against the Pamlore Koramars during the quinquennium preceding the recent captures.

Before giving an account of the general capture of the Pamlore supernumeraries at Mavinkere in the Shimoga Taluk, Shimoga District, and at Kortigere in the Tarikere Taluk, Kadur District, it seems necessary to describe briefly the action of the Police in repressing the depredations of criminal tribes known as Pamlores or Kalla Koramars, first individually, and then jointly in the districts of Chitaldrug, Shimoga and Kadur.

Pamlores at Malalhalli and Yelihole.

2. The first known appearance of Pamlores during the quinquennium just preceding the captures at Mavinkere and Kortigere, was towards the end of January 1904, when a gang under the name of Kanchi Gollars entered the Mysore State and made a temporary settlement near Malalhalli and Yelihole within the limits of Sirigere Sub-Station in the Harihar Sub-Taluk of the Chitaldrug District. The gang seems to have grown here in strength by additions from the British Territory close by on the other side of the Tungabhadra under the encouragement given locally by Rangappa, a Brahmin of Vasana, an inam village in the neighbourhood. From there they proceeded on one night in April 1904, and committed a torch-light dacoity at Honnali in the house of Nadig Gopalappa, and carried off a lot of property. This appears to be the last offence in which both Pamlores and Korachars acted jointly. Yettina Korachar Sannivara who afterwards became an informant, and was murdered on 23rd May 1907 at Madapur in the Holalkere Taluk was the approver in the case and Korachar Chinna and Ranga were the two accused that were convicted. The Pamlore accused, however, escaped conviction, and passed out of Mysore.

Judicial and Legislative (Police), dated 13th April 1909.

Rama's gang near Kotemallur.

3. Nearly a year after, another criminal gang, this time consisting purely of Pamlores, headed by Rama (17)* was found lurking near a water-course adjacent to Kotemallur in the Honnali Taluk, and was captured on the 13th December 1904. It consisted of 18 males and 2 females by name Hanumi and Ningi. All the male members among whom were Peerya, Mariga, etc., were placed before the Honnali Division Magistrate, for being bound over under the security sections, but were discharged. They were then passported to Honnali, from where they passed out of view in the month of March 1905, and nothing was heard of them for some time.

*The figures within brackets against the names of Pamlores refer to the serial number given to them after the recent capture.

Tirthahalli and Harnahalli Dacoities.

4. During the progress of the enquiry of the above good-behaviour case, two house dacoities were reported from Tirthahalli and Harnahalli in the Shimoga District as having occurred in quick succession within the space of three days in the month of January 1905. Under the direction of Mr. Nadig Subba Rao, the then Assistant Superintendent of Police of Shimoga, Inspector Murudappa, who is now Amildar of Sorab, conducted the investigation of these cases, and found that the same gang of Pamlores in the Harihar Sub-Taluk, concerned in the previous year, in the Honnali Town house dacoity, had perpetrated both these dacoities. As many as 13 persons including Krishna *alias* Mariga otherwise known as Karbhari Krishna were placed before the Magistrate. This Krishna, however, effected his escape from the Shimoga District lock-up during the preliminary enquiry and the case ended in the conviction of (1) Fakira, (2) Parsa and (3) Yella who were sentenced to undergo rigorous imprisonment for five years each under Section 412 of the Indian Penal Code. The nine others among whom were Govinda (11) and Hanuma (18) found in the recent capture at Kortigere, as will be detailed hereafter, were passported from Shimoga, and were sent to Telgi Station in the Bellary District by the Chitaldrug Police on 5th October 1905. It may be noted here that Karbhari Krishna who managed to be at large after his escape from the Shimoga District lock-up was recently arrested at Munugod in the Karwar District and is pending extradition after the expiry of the sentence he is undergoing for being a vagrant.

Pamlore females from Ranibennur and Harihar and their escape.

5. About the time of the investigation of the above dacoities and the enquiry of the good-behaviour case, a gang of 21 females who were then styled as Pamlores and were probably connected with the male members in those cases, was found in the Ranibennur Taluka bordering on Harihar Sub-Taluk. Eleven of these were imprisoned for failing to furnish security, and the 10 others who were passed on to Harihar escaped from surveillance from the Sirigere Station in that sub-taluk on the 23rd February 1905 and probably joined the gang that escaped later on from Honnali in March after the good-behaviour case. The history of these criminal classes presents a vivid picture of their attempts to secure a place of safety somewhere in the Mysore State close to the British Territory which they could easily enter when the ground became too hot for them here. Their frequent movements into Mysore in varying batches and under assumed castes, creeds and callings, taking the Shimoga and Chitaldrug Districts by turns on one side and the Dharwar and Bellary Districts on the other, at a time when the Criminal Intelligence Department had no combined working, show clearly how best they tried to avoid the surveillance of the Police where it was not helpful to them, and where it came in their way to enlist the sympathy of some influential local man that would give them and their wives and children a shelter, and afford facilities for their depredations both in British India and Mysore. Akin to Rangappa of Vasana in the Harihar Sub-Taluk, Patel Santappa of Kotemallur in the Honnali Taluk seems to have been taken into their confidence and his help extended even to recent days.

Katya's gang.

6. About a year after the escape of the gang of females from Sirigere, another gang of females among whom were the two women Hanumi and Ningi found with Rama's gang (see para 3 *supra*) with an old man Katya again reached Honnali on the 11th March 1906,

as Manigars (traders in glass beads) under a pass from Halyal Station in the Dharwar District. They, however, marched on to Channagiri, which they reached on the 18th idem, and were then handed over to the surveillance of the patel of Agrabannihatti and camped near Hosabannihatti, its hamlet.

7. Nearly a month after, 9 male members as noted below joined Katya's gang and their names were entered in the gang form on the 17th April 1906 :—

Peerya and 8 others join Katya's gang at Hosabannihatti.

1. Peerya *bin* Hanumantha.
2. Arja *bin* Peerya (29).
3. Kariya *bin* Rama (30).
4. Gangarama *bin* Peerya (33).
5. Sanjiva *bin* Durga.
6. Basava *bin* Bhima.
7. Parasa *bin* Naga (24).
8. Raya *bin* Sivappa (25).
9. Neela *bin* Tuljaram (26)

They were entrusted to the care of the same patel as per gang rules, Hanumi being the wife of Peerya and the mother of Arja and Gangarama, her friend Ningi, the aunt of Basava, and the other female members in Katya's gang being related to the males that came with Peerya. Though these Koramars appeared to live by agricultural labour, the Police of Tarikere under the direct supervision of Mr. T. F. Wilkinson, Assistant Superintendent of Police, and assisted by the Channagiri Police were able to trace to them a lot of property connected with a dacoity committed on 23rd July 1906, in Paniappa's house at Tarikere; and all the new comers except Sanjiva were arrested about the 20th August 1906 and Peerya, Parasa, Raya and Neela were convicted by the Shimoga Sessions Judge on 1st December 1906, and sentenced to various terms of imprisonment extending up to seven years. They were however let off on appeal to the Chief Court in April 1907, and joined the gang again at Hosabannihatti in the same month. Arja, Kariya, Gangarama and Basava or Basya who were acquitted by the Sessions Judge passed out of view on the 19th January 1907 and on the 23rd April 1907 Kariya and Gangarama joined the gang. Arja and Basava remained supernumeraries till the 28th July 1907, when they were captured with others in a raid conducted by Mr. B. S. Ranoji Rao, Assistant Superintendent of Police of Shimoga, in person that night at Mavinkere (see para 16).

8. Early in January 1907, Channagiri Taluk became disturbed again by other gangs and prompt steps were taken to bring under surveillance any criminal gangs that might have entered the taluk unobserved. These attempts brought to light the presence of gangs without passports at Pensamudra, Betkadur, Chikhadya villages of the Channagiri Taluk lying close to the border of the Holalkere Taluk in the Chitaldrug District. They were all brought to Channagiri on the 10th January 1907, by Jamadar Hanumantha Naidu and were kept under surveillance. They numbered in all 12 males, 25 females and 36 children and were recognized as Pamlore Koramars. As the number of females and children was disproportionate to the number of males, and as they alleged that they were Kanchi Gollars, great suspicion arose about their alleged application to agricultural pursuits and no time was lost to send the finger prints of the male members for search, which, however, were returned as untraced from the Bangalore Bureau.

Pamlore gangs found in Pensamudra, Betkadur and Chikhadya in Channagiri Taluk.

9. Meanwhile information was received of a serious dacoity at Malnaikanhalli in the Ranibennur Taluk in the Dharwar District on the night of the 9th January 1907, when two of the dacoits who were Pamlores were disabled on the spot and caught red-handed. On the information given by one of these, the Sub-Inspector of Ranibennur went to Channagiri on hearing the recent finding of the Pamlores, and was given every help to ascertain if any of the Pamlores kept under surveillance then had anything to do with his case. He, however, returned having failed to get any useful information, and the gang continued to be at Channagiri, when on the 31st January 1907, 2 men, 2 women and 1 child passed out of view, and were followed by 8 men, 2 women and 1 child on the 6th February 1907. A week after, *i.e.*, on the 13th February 1907, the

remaining 2 males, 21 females and 34 children were at their own request passported to Kadur, and when they stayed at Benkipur on their way for about a fortnight every attempt made to trace the absconding male members was of no avail. In the dead of night on the 2nd March the whole gang passed out of view, but the majority of the members were traced out in the Kadur Taluk by the Benkipur constables, and were taken back. There were then 13 males and 17 children and these were passed on to the Tarikere Taluk on the 22nd March 1907 on their way to Kadur. They entered the Hassan District under pass No. 34 of 23rd March 1907 of Tarikere, and when they returned again to Kadur Taluk there were 12 males and 15 children. They were then sent to Belagur in the Hosdurga Taluk, but they again entered the Hassan District, and proceeded to Kankatte and Banavar.

Pamlore gang from Hangal in Dharwar District.

10. Nor was this all. When the gangs found at Pensamudra, Bethadar, etc., were still under surveillance, a Pamlore gang under the name of Havina Gollars consisting of 4 men, 10 females and 14 children which entered the Shimoga District from Hangal under Rahadari No. 11 of 28th November 1906, passed through Channagiri and arrived at Ramgiri in the Holalkere Taluk on the 30th June 1907. It then moved on to Chikkangala in the Kadur Taluk, and latterly came to Kadur on the 24th June 1907, where it still remains with this difference, that Hanumantha has replaced Ganga and Hanumantha's wife Venkati and her child have added to its strength.

Aval Gopal's gang in the Chitaldrug District.

11. It was not the Shimoga District alone that had to contend against the incursions of these Pamlores. As early as January 1907 there appeared near Sultanpur in the Chitaldrug Taluk a gang of 6 men, 6 women and 12 children styling themselves Handi Gollars.

The men were—

1. Avala Gopala (7).
2. Babiga, son of No. 1 (6).
3. Gokula Thimma *alias* Avala Chinna Thimmadu *bin* Hanumantha (12).
4. Babiga, younger brother of No. 3 (5).
5. Avala Hanumantha *bin* Thimma (7).
6. Avala Babiga *bin* Thimma (19).

They were immediately brought under surveillance and a careful watch was kept to see who visited them.

Burglaries in Hosdurga Taluk and general searches.

12. While attempts were being made to trace those that passed out of view from Channagiri (see para 9 *supra*), three serious burglaries were committed in quick succession in the Hosdurga Taluk, Chitaldrug District, in the middle of March 1907 and about the same time burglaries and attempts at burglaries were reported from Kadur and Banavar. This necessitated a general search for suspicious characters, and the result was that five strangers were found on different days in the middle of March in the Hosdurga Taluk. Two of these, Avala Ranga and Mykala Ganga effected escape while being brought to Hosdurga, and another Vittya who called himself a Moodicar escaped from Police custody. The other two Venkata and Timma who posed as Telugu Gollars going a-begging were, however, successfully treated under the security sections of the Criminal Procedure Code.

Pamlore women from Honnali and search for men near Rummagatta, etc., in the Chitaldrug District.

13. A gang of 6 Pamlore women with 3 children and a young man, Fakira *bin* Kannappa (13) found in the Honnali Taluk was subjected to surveillance and passported to the Channagiri Taluk, wherefrom it proceeded to Holalkere on the 6th May 1907 after visiting Tilnirkatte, where a Pamlore gang had already encamped and was under surveillance. They were joined by a batch of 4 women, namely, Huligi, Yelli, Poshi and Yamuni, who on being released from the Poona Central Jail on the expiry of their term of imprisonment for failing to furnish security as ordered by the Satara Magistrate, entered the Chitaldrug District in the beginning of May 1907 passing through the Channagiri Taluk. As both these gangs expressed a desire to proceed

to Sivagere in the Chitaldrug Taluk, a strong suspicion arose that some male members pertaining to these gangs were lurking in the vicinity of that place and keeping the gangs at Holalkere, a second general search was organised under the direction of Mr. B. Ramaswamaiya, Assistant Superintendent of Police of Chitaldrug, with the result that 6 Pamlores including Rama *bin* Honnura (17), referred to in para 3 as the headman of a gang found at Kotemallur, and Govinda (11) and Hanuma (18) acquitted in the Tirthahalli-Harnhalli dacoities (see para 4 *supra*), were captured on the 18th May 1907 near Rummaghatta in the Chitaldrug Taluk and were sent to the Jail for failing to furnish security for good behaviour for a period of ten months each on the 28th August 1907. Their names are given below :—

1. Rama *bin* Honnura (17).
2. Fakira *bin* Nagappa (1).
3. Rama *bin* Yekappa (16).
4. Ninga *bin* Marappa (2).
5. Hanuma *bin* Ranga (18).
6. Govinda *bin* Perumalu (11).

Search for supernumeraries connected with Aval Gopala's gang at Sultanpur in the Chitaldrug District.

14. Simultaneously with the above search, the Pamlore gang of Aval Gopala near Sultanpur (see para 11 *supra*), was raided on the night of the 16th May 1907, when the following two supernumeraries by name Goniga (4) and Ganga were found and were placed before the District Magistrate of Chitaldrug for being bound over for good behaviour and were ordered to Jail for one year each on the 12th July 1907. Yelli who was found in company with the above Goniga and Ganga was traced to be the wife of Fakira convicted in the Tirthahalli dacoity and it was her presence and her admission of her husband's incarceration in the Mysore Jail that led the Chitaldrug Police to conclude that Gopala's gang was of Pamlores. Aval Gopala and five others with him, who had evidently harboured the above Pamlores as well as some others that evaded capture, were also placed before the Davangere 1st Class Magistrate and were sentenced to suffer various terms of imprisonment from four to ten months under the security sections.

Katya's gang moves from Hosbanhatti to Ajjampur and returns to Mavinkere.

15. After Peerya, Raya, Pursa and Neela were released from the Central Jail (see para 7) they came back to Hosbanhatti and joined their gang still remaining there under Katya. A few days after, the whole gang left Hosbanhatti under a gang form alleging to go a-begging towards Tarikere. The male members of the gang were—

1. Katya.
2. Peerya.
3. Gangaram, son of Peerya.
4. Kariya *bin* Rama.
5. Raya *bin* Sivappa, nephew of Katya.
6. Parsa *bin* Nagappa.
7. Neela *bin* Tuljarama.

There were, besides, 9 women including Hanumi and Ningi (see para 7) and 7 children. The gang passed through Benkipur and after reaching Tarikere expressed its desire to go to Mayakonda and passed on under observation to Ajjampur, and changing its mind again went back to Benkipur and on to Mavinkere, a village situated about five miles from Benkipur in the Shimoga Taluk. This was in the middle of May 1907.

Attempts to book supernumeraries. Mavinkere Raid.

16. The fact that Arja and Basya belonging to this gang had escaped was not lost sight of, and close watch was kept to see whether they visited their relatives at Mavinkere. Patel Fakirappa of Mavinkere appeared to be more useful to the gang than to the Police and it was suspected that some supernumeraries visited it, and that he afforded facilities for the same. This created a lot of anxiety and necessitated continued watch for a favorable opportunity to catch the supernumeraries. In a raid on the night of the 28th July 1907 conducted by Mr. B. S. Ranoji Rao, Assistant Superintendent of Police, in person, five supernumeraries were captured. There were the missing Arja (29) and Basya and three others by name Mara (34), Hanuma (31) and Hala (32). Enquiry was set on foot as to who the three strangers were, and it was ascertained that Mara was a member in the gang of Rama (17) when it escaped from Honnali in 1905 (see para 3), and that

Judicial and Legislative (Police), dated 13th April 1909.

Hanuma and Hala were among those that were acquitted in the Tirthahalli-Harnhalli dacoities and proceeded to the Telgi Station (see para 4) with Hanuma and Govinda, later on found in Rummaghatta (see para 13). The fact that during the capture, Mara, Hanuma, Hala and Arja were found lurking on the granary (panata) of patel Fakirappa, that Basya was caught while running away from the house of Ningi and that none of these long-absconding supernumeraries were in the gang when the same was examined by Mr. Ranoji Rao that morning, created such great suspicion that all the five were captured as also the permanent male members. Patel Fakirappa and Ningi who had all harboured these dangerous dacoits were placed before the District Magistrate of Shimoga for being bound over for good behaviour. The results in this case were not, however, as successful as those in the Chitaldrug District. The District Magistrate discharged all but Mara, Hanuma and Hala who, as ordered by him, furnished security for Rs. 100 each and returned to the gang at Mavinkere along with others in October 1907.

General disturbances in the Chitaldrug District.

17. Notwithstanding the captures made in May 1907 in the Chitaldrug District, a torch-light dacoity was attempted in the Chitaldrug Town on the 17th May, Korachar informant Sanivara was murdered while sleeping in a hut at Madapur in Holalkere Taluk on the 23rd May 1907, and a road robbery was committed near Holalkere on the 5th June 1907. This necessitated another general search on the 10th June 1907 in the Gadrigudda for Pamlores whose women were still under surveillance at Holalkere. But it was to no avail as the dacoits had in the meanwhile moved towards Holalkere, where on the same evening a Pamlore by name Mutha was found in a house having entered it with the cattle. He was forthwith placed before the Taluk Magistrate and was convicted for house trespass. This had a very salutary effect and it appeared that the gang passed out of the Chitaldrug District committing two burglaries in the Hosdurga Taluk on their way.

Disturbances in the Tumkur and Kadur Districts.

18. The tide now turned towards the south. In June 1907 dacoities were reported in the Sira and Gubbi Taluks of the Tumkur District. A dacoity occurred at Chiknagalur in the month of July. It was then reported that the arch Korachar dacoit Bodiya *alias* Pichiga and his men after their return from Coorg entered Arkalgud Taluk and committing some robberies there passed on to Banavar in the Hassan District and were then in league with the Pamlores. On the 2nd August 1907 seven suspicious-looking strangers were found at Tumkur and they effected their escape after their finger prints were taken. One of these has since been traced as Dodda Narasa *alias* Shelma (20) of Kortigere.

Police Conference at Bangalore, 4th August 1907.

19. As the consternation created by the gangs increased in the several districts and as individual efforts in each district did not seem sufficient to check their inroads, the then Inspector-General of Police, F. E. C. Carr, Esq., convened a meeting of the Superintendents of Chitaldrug, Shimoga, Kadur, Hassan and Tumkur Districts and in the Conference it was resolved that all places likely to afford shelter to the lurking of criminal gangs should be well scoured by the combined action of the Police aided by villagers.

General searches in August 1907. Pichiga and his men captured.

20. Accordingly a general scouring took place from the 9th August to 17th idem in the range of hills and jungles extending from Hirekalgudda in the Arsikere Taluk to Gadrigudda in the Holalkere Taluk *viâ* Garudangiri, Bidre and Malhal. No gangs were found in these beats, but on the information of Lambani cowherds as to the presence of suspicious-looking strangers in the Gadrigudda, Holalkere Taluk, patels and villagers immediately arranged for a search party and captured 5 men, one of whom turned out to be Korachar Pichiga. He and his younger brother Thimma were traced to be the perpetrators of the Chikmagalur Town dacoity and some burglaries in the Chitaldrug District and were sentenced to long terms of imprisonment. With this ended the career of this notorious outlaw Pichiga and his gang.

Pamlore women in Chitaldrug sent to Banavar.

21. The Pamlore women kept under surveillance at Holalkere and the women of those that were sent to prison in the good-behaviour cases in the Chitaldrug District were marched collectively to Banavar as requested by them in the month of October 1907. While they were on the Banavar side two Pamlores Sannamunia and Bhima were found as vagrants at Kadur on the 5th November 1907, and were placed before the Magistrate who sent them to Jail for failing to furnish security. It was subsequently found that Bhima's wife Yelli was a member of the gang of women near Banavar. About the same time a robbery occurred at Koppa and another at Yedahalli and an attempt was made to commit a burglary at Lakkavalli in the Kadur District. Later on in the latter part of November the gang of women entered the Kadur District from Banavar and proceeded to Nagamangala near Ajjampur in the Tarikere Taluk and camped there. Towards the end of December Avala Gopala (7) and Chinna Babiga (5) returned from the Bangalore Jail, and joined their women at Nagamangala. After this a part of the gang lived at Veerapur which is very close to Nagamangala and a close watch was kept on both the sections to see if any males visited them.

Harapanahalli dacoity.

22. A very heavy house dacoity occurred at Harapanahalli in the Bellary District on the 6th December, and later investigation showed that some dacoits passed from Tilnirkatte in the Channagiri Taluk in carts and three Pamlores of Tilnirkatte were then arrested on being identified by the cartmen. On the 9th January 1908 five of the Mavinkere Pamlores, namely, Peerya, Raya, Parsa, Neela and Basya were found missing from the gang, and it was thought that they escaped having caught scent of the arrests at Tilnirkatte. As none of the male members present in the Mavinkere gang were identified by the cartmen, the three from Tilnirkatte were taken to Harapanahalli, and there they were subsequently convicted under Section 402, Indian Penal Code.

Crime in the Shimoga and Tumkur Districts.

23. In the early part of February 1908 there occurred a heavy burglary at Shikarpur, and from the information gathered during the investigation of the case, the supernumeraries of the Nagamangala and Veerapur gangs were suspected to be the perpetrators of this offence. They were also suspected of being concerned in the dacoities at Muganaikankote and Hagalvadi in the Tumkur District that occurred in January 1908. It was also suspected that the five absentees from the Mavinkere gang had joined the supernumeraries of the Nagamangala and Veerapur gangs, and that the Sahaslavalli dacoity in Shikarpur reported in the latter part of February 1908 was committed by them.

Conference of the Superintendents of Kadur and Shimoga.

24. Messrs. Wilkinson and Ranoji Rao, Superintendents of Police, Kadur and Shimoga Districts, met at Shimoga on the 5th March 1908 and discussed the measures to be adopted to ascertain the number, etc., of the supernumeraries of the Nagamangala and Veerapur gangs and to capture them at the earliest opportunity.

Dacoities in the Davangere Taluk and the First Conference at Holalkere.

25. While attempts were in progress to effect a capture of the supernumeraries, two dacoities on the 31st March and one on the 1st April 1908 were reported from the Davangere Taluk and the same supernumeraries were suspected, though the investigation later on showed that others in the Bellary District were the real culprits. A Conference was held at Holalkere on the 10th April 1908 of Messrs. Wilkinson, Ranoji Rao and Ramaswamaiya, Superintendents of Police of the Kadur, Shimoga and Chitaldrug Districts; and in the light of information given by Jamadar Gudiappa of Ajjampur Range and Inspector Sundararajaiengar of the Tarikere Taluk, instructions were given to those officers to collect further information about the offences, if any, committed by the supernumeraries, their disposal of stolen property and the receivers of the same. The proceedings of this meeting were submitted to the Inspector-General of Police, and as it was ascertained that the supernumeraries had made themselves scarce just then, the question of arranging for a capture was reserved for a more favorable occasion.

Judicial and Legislative (Police), dated 13th April 1909.

PART III.

THE GENERAL CAPTURES AND THE EVENTS IMMEDIATELY PRECEDING THEM.

The situation in May 1908.

The situation in May 1908 was that the gang of Pamlore women and children found in January 1907 in the Channagiri Taluk was near Banavar in the Hassan District, and the male members thereof were evading observation; the gang of Pamlore women and children passported from the Chitaldrug District in October 1907 was near Nagamangala and Veerapur in the Kadur District, and it was not without its supernumeraries; the Pamlore gang passported from Hanagal in November 1906 was near Chikkangala in the Kadur Taluk and the number of men was comparatively small; Katya's gang was at Mavinkere and its five male members that passed out of view in January were still at large and were suspected to be with the supernumeraries of the Nagamangala and Veerapur gangs; the seven strangers, five of whom appeared to be Pamlores, had not been traced after their escape from Tumkur in August 1907; and a number of crimes remained undetected and more were apprehended.

Inspector-General's visit to Ajjampur.

2. The Inspector-General of Police, D. Devaraj Urs, Esq., proceeded to Birur on the 30th May 1908 and camping at Ajjampur in the early part of June 1908 conducted confidential enquiries in person about the Nagamangala and Veerapur gangs and their supernumeraries. He then proceeded to Shimoga collecting more information, returned with Mr. Ranoji Rao to Arsikere, where Mr. Wilkinson joined them and the matter was further discussed. It was found that the supernumeraries were then away from these parts and the arrangements to capture them could not therefore be taken in hand immediately.

Dacoities at Tiluvalli, Navanagere and Anantapur.

3. On the 28th May 1908 a dacoity was committed at Tiluvalli in the Hangal Taluk, Dharwar District, and on the 31st of the same month another was reported from Anantapur in the Sagar Taluk, Shimoga District. On the 2nd June 1908 another dacoity occurred at Navangere in the Sirsi Taluk, North Canara District, very close to the north-western border of the Sorab Taluk in the Shimoga District. At this time on the evening of the 1st June 1908 a gang of about 30 men was seen within the limits of the Anavatti Station in the Sorab Taluk very close to the British frontier. The Police Inspector of Sorab who received the information at 10 P.M. at Nerlige, where he was camping, immediately proceeded to the spot with about 60 men, but found no strangers. He, however, saw from the marks on the ground that a gang had sat there. On the 4th June 1908 the gang was again seen in the Ayankatte of Hireavali village, Sorab Taluk, and when the patel went with his villagers, the rogues ran away, leaving their food and things behind. The attempts of the Sorab Taluk Police to trace out this gang proved fruitless as it had already passed out of that taluk. The articles left behind at Hireavali were sent to Navanagere and some of them were identified as having been lost in the Navanagere case. On the night of the 4th June a suspicious-looking stranger who called himself Gangaram (28) was caught by a constable (Rustum) at Siralkoppa when emerging with another from an arrack shop carrying two bottles of arrack and a large quantity of eatables evidently for the use of his comrades. All the surrounding places were at once searched by Jamadar Madappa and his men as it was suspected that a gang was lurking somewhere to commit an offence, but none were found. Gangaram was passported to Tiluvalli at the request of the Hangal Police, who arrested him in connection with the Tiluvalli dacoity and subsequently released him and sent him under surveillance to Siralkoppa where he remained until he was sent to Kadur after the general captures. These disturbances were immediately followed by close searches in all places likely to give cover to the dacoits in those parts, and it was found that the gang had passed out of view. From the identification of the articles left behind at Hireavali, it was clear that the gang that escaped from there was the one that committed the Navanagere dacoity. Gangaram appeared to belong to the same gang and the information that was cleverly got from him when he was in custody at Tiluvalli showed that he was

supernumerary of the gangs of Nagamangala and Veerapur. Soon after the Navanagere dacoity, one Shelma (20) was found as a beggar about Banavasi in the Sirsi Taluk and was sent to Tiluvalli. He was identified by the Hangal Sub-Inspector as Shelma, a previous convict, and then he admitted he was a Pamlore from Sirhatti in the Sangli State in search of his wife but disclaimed all connection with the Pamlores of Mavinkere or Nagamangala. He was handed over to Mr. Ranoji Rao at Anavatti, and as no amount of persuasion could bring out from him any useful information about the gangs, he was sent under surveillance to Tarikere, when he joined the Nagamangala gang. These circumstances created a strong suspicion that the supernumeraries of Nagamangala and Veerapur gang were the authors of the above dacoities and that other supernumeraries had taken part with them in the commission of these offences.

Conference at Bangalore on the 22nd July 1908.

4. The Inspector-General of Police, therefore, convened a meeting of Superintendents of Shimoga, Chitaldrug and Kadur Districts, at which Mr. Krishnaji Pandurang Deshpande, Police Inspector, Southern Division, Dharwar District, was also present., and he described the Tiluvalli dacoity and the progress made in the investigation and asked for an early capture of the supernumeraries of the Nagamangala and Veerapur gangs. The Superintendents were told to meet again and arrange for this capture after settling the details.

Return of convicted Pamlores from the Central Jail to Nagamangala.

5. Towards the end of June 1908, the Pamlores convicted for good behaviour in the Chitaldrug District, namely :—

Avala Gopala's gang—
1. Avala Babiga *bin* Gopala (6)
2. Avala Chinna Thimma *bin* Hanumantha (12)
3. Avala Hanumantha *bin* Subba (8)
4. Avala Chinna Babiga *bin* Thimma (19)

Rama's gang—
5. Rama *bin* Honnura (17)
6. Fakira *bin* Marappa (15)
7. Rama *bin* Yenkappa (16)
8 Linga *bin* Marappa (2)
9. Hanuma *bin* Ranga (18)
10. Govindu *bin* Perumalu (11)

were released from the Jail and they joined their women in Nagamangala and Veerapur. They were followed by 11. Goniga (4) who also joined the gang in the month of July.

Tactics employed.

6. With a view to encourage the supernumeraries to come to the gangs during night and sleep in the sheds, the constables openly employed to watch the gangs were withdrawn and special detectives were deputed to keep a secret watch on the movements of the gang and the supernumeraries. Nadig Guru Rao of Baggavalli, who was commanding the confidence of the supernumeraries, and Manikyam, who was equally familiar with them, were engaged to pry into the secrets of these Pamlores and bring information regarding their doings and disposal of property. The Superintendents of the Shimoga, Chitaldrug and Kadur Districts and Inspector Mr. Deshpande of Dharwar again met at Holalkere on the 19th August 1908 and resolved to effect the capture on the 10th September 1908 and submitted proceedings of the Conference to the Inspector-General of Police.

Ranibennur and Masoor Dacoities.

7. While arrangements were thus in progress, the supernumeraries again made themselves scarce. Soon after a dacoity occurred in the town of Ranibennur on the night of 1st September and another was committed at Masoor in the Kod Taluk of the Dharwar District on the 3rd September 1908. These two dacoities occurring in quick succession appeared to be the doings of the same gang, and the nature of the offences showed that they were the work of Pamlores. The Head Constable of Hallur Station, Kod Taluk, Dharwar District, received information that about two miles from his station there were traces of a gang having cooked food and slept on the left bank of the Tungabhadra within the limits of his station. He immediately proceeded to the place, and made enquiries as to who crossed over by the ferry to Hiregonigere, a village in the Honnali Taluk of the Shimoga District, on the right bank of the Tungabhadra. Having ascertained that a gang had crossed over on the night of the 4th September, he gave information of the same

to his officers, and Mr. Deshpande requested the Superintendents of Chitaldrug and Shimoga Districts to have the Malebennur State Forests covering parts of Honnali and Harihar Taluks scoured as it was then rumoured that the gang was still lurking there.

Scouring in the Malebennur Forests.

8. Accordingly the jungles were scoured by parties led by Messrs. Ramaswamaiya and Ranoji Rao and Deshpande, but no gangs were found there. The enquiry that followed this search showed that the members of the gang looked like Pamlores and the ferry contractor and Forest Guard Imam Sab who helped to bring them across the river and supply provision to them as proved by a number of witnesses, identified the figure of Peerya in a photo preserved by the Shimoga Police. This made it definite that the above two dacoities were committed by the supernumeraries of Mavinkere and Nagamangala gangs, and the Inspector-General of Police again meeting the Superintendents of the Shimoga and Chitaldrug Districts and Mr. Deshpande at Kadur on the 25th September, issued instructions for promptly arranging to capture the supernumeraries.

Arrangements immediately preceding the captures.

9. The supernumeraries were not all in one place and were so careful as to avoid giving any scent of their approach to their gangs. It was strongly suspected that the local Koramars at Kodihalli, Horithimmanahalli, Thimmapura, Sannakki Koppal and Hanumanahalli were their informants and gave shelter to them. As has already been detailed, the Pamlore camps were situated in various places in the Shimoga, Kadur and Hassan Districts and for a successful attempt it was necessary to raid all those places on one and the same night and keep watch later on to see if any passed from camp to camp. All these were ascertained and the time of action was carefully discussed and settled upon. Nadig Guru Rao and Manikyam were of immense help in these arrangements and Police officers belonging to distant stations in the Shimoga and Chitaldrug Districts not likely to be identified by the supernumeraries were sent in disguise to the Pamlore gangs to understand the geography of the country and see the supernumeraries if possible. The date of the capture fixed at Holalkere became inconvenient on account of the disappearance of the supernumeraries and of the change of their camps owing to plague. Owing to the spread of this disease the gangs at Nagamangala and Veerapur left their places and lived in sheds in a neglected garden at a distance from Kortigere. They then left this place also and moved on to another desolate land affording very good cover and means of easy escape. During Dasara, Mr. Ramaswamaiya was called to Mysore, where he met the Inspector-General and the Deputy Commissioner of Kadur, K. R. Srinivasa Iyengar, Esq., M.A., and received instructions in connection with the captures. Mr. Wilkinson who was on leave at Ajmere was wired to come back and he met the Inspector-General of Police and the Deputy Commissioner of Kadur at Mysore on the 6th October and received instructions after further discussion. Mr. Ramaswamaiya proceeded to Shimoga and conveyed the instructions of the Inspector-General of Police to Mr. Ranoji Rao on the 7th. These two officers proceeded the same evening to Arsikere and met Mr. Wilkinson in train and returned with him to Birur, discussing the various details. Mr. Ramaswamaiya went to Harihar, met and informed Mr. Deshpande that the arrangements were ripe for the capture on the night of the 9th October. These secret conferences were found necessary to guard against all possibilities of giving any scent to the supernumeraries and their informants who were reported to be ever on the alert. Messrs. Wilkinson and Ranoji Rao proceeded to Tarikere towards the evening of the 8th October and it was decided that the general captures should be effected during night on the next day when it was ascertained there would be in the camp a feast consequent on the recovery of some women from plague and that all the supernumeraries would attend the same. Mr. Wilkinson accordingly sent urgent wires to the Inspector-General of Police and the officers concerned about this decision and asked for the mobilization of the various batches of the Police Force which had been kept ready on the pretext that they were required for some other purposes.

10. The following were the several settlements of the Pamlores that had been decided upon to be raided simultaneously :—

The several places for the search and distribution of the force.

Kadur District	...	1. Kortigere in the Tarikere Taluk. 2. Kadur Kasaba.
Shimoga District	...	1. Mavinkere in the Shimoga Taluk. 2. Tilnirkatte in the Channagiri Taluk.
Hassan District	...	1. Hanumanahalli near Banavar in the Arsikere Taluk.

Besides these, it was found necessary to have a simultaneous search in the following places of the local Koramars who were suspected to be in league with the Pamlores and to afford shelter to them :—

Kadur District—

1. Kodihalli	...	Kadur Taluk.
2. Horithimmanahalli	...	
3. Thimmapura	...	
4. Sannakki Koppal	...	

Hassan District—

1. Ganjigere	...	Arsikere Taluk.

(1) The searches in the Channagiri Taluk were entrusted to Inspector Venkata Rao and Jamadar Bhima Rao and Karenaik of that taluk and their men.

(2) Those at Horithimmanahalli and Thimmapura were entrusted to Jamadar Thammia of Kadur Taluk and his men.

(3) Inspector Venkatagiri Iyer of Kadur Taluk was deputed to search the Kadur Kasaba gang of Pamlores and the huts of the local Koramars at Kodihalli.

(4) The Hassan District Police under Inspectors Puttannaiya and Seshachar were ordered to take up the raids at Hanumanahalli, Ganjigere and Sannakki Koppal as these places lie close to each other.

(5) Inspector Dummiah of the Shimoga Taluk with 20 men of the Shimoga District and 10 Waddars and Jamadar Ramaswamiah of Benkipur Range were detailed for raiding the Mavinkere Camp.

(6) Jamadar Rahiman of the Shimoga Kasaba was told off with 10 men and 10 Waddars to guard the paths in the jungles between Mavinkere and Kortigere Camps.

(7) The rest of the force was reserved for action at the Kortigere Camp, which was reported to be the most difficult to manage, being the largest consisting of many able-bodied and desperate ruffians armed with knives and choppers.

11. The Inspector-General of Police and the Deputy Commissioner of Kadur who were at the capital on account of the Dasara left Mysore on the 8th October to supervise the operations for the capture on the 9th October 1908. A detachment of 100 men and officers from the Provincial Special Reserve and the Bangalore City Force and the recruits of the Police Training School was despatched from Bangalore by the morning train in mufti. The Inspector-General of Police alighted at Arsikere to give instructions to the Hassan Police Superintendent, Mr. S. Narayana Rao, and also to avoid being observed by the Kadur gang. The Deputy Commissioner passed on to Kadur, whither the Inspector-General motored later on in the night. The Police Force from Bangalore moved on to Birur and there being joined by the officers and men and Lambanies of the Chitaldrug District proceeded to Shimoga by train. In the night these forces moved back by the mail train along with the officers and men of the Shimoga District. At Mosarahalli the batches detailed for duty at Mavinkere and to guard the jungle-paths alighted, while the bulk of the force moved on to Sivapur

a small station on the Birur-Shimoga Railway, Mr. Wilkinson joining the same at Tarikere. After alighting at 10 P.M., we moved on to a railway cutting a mile distant and there divided the whole force into three batches and proceeded to the spot from three different directions. These batches were as follows:—

(1) Mr. T. F. Wilkinson, Assistant Superintendent of Police, Kadur District, with Inspector Sundararajaiengar of Tarikere Taluk and Inspector R. Shama Rao of the Police Training School and 50 men of the Training School and the Provincial Reserve.

(2) Mr. B. S. Ranoji Rao, Assistant Superintendent of Police of Shimoga, with Inspector Nagesha Rao of Shikarpur and Mr. O'Doherty, Chief Inspector of the Bangalore City, and 50 men of the Bangalore City, the Training School and the Shimoga District.

(3) Mr. B. Ramaswamaiya, Assistant Superintendent of Police of Chitaldrug, with Head-quarter Inspector Narna Iyer and Inspector Fida Hussain of Harihar and 30 men and 18 Lambanies of the Chitaldrug District. Ten men from the Bangalore detachment were deputed to patrol the Birur-Tarikere road. It was midnight when the three parties converged towards the camp of the Pamlores. Before the parties closed on the gang it was aroused by the barking of dogs followed by the howling of women, and the male members began to run in different directions. They were successfully hemmed in and were secured. It was subsequently ascertained that two supernumeraries known as Sidda and Sanga who lived in a distant corner of the camp made good their escape immediately after the alarm was given by the dogs under the cover of the bushes and milk hedges of the extensive cocoanut gardens directly behind their sheds. While the persons thus captured were being well secured and the runaways were being searched for, the Inspector-General of Police and the Deputy Commissioner of Kadur arrived at the scene and ordered that the men and women and also their sheds should be carefully watched and that they should be searched after day-break.

12. The names of the men captured at Kortigere are as follows:—

Men captured at Kortigere.

1. Fakira *bin* Nagappa.
2. Ninga *bin* Madappa.
3. Narsiga *bin* Venkappa.
4. Goniga *bin* Rama.
5. Aval Babiga *bin* Gopala.
7. Gopala *bin* Mallappa.
8. Hanumantha *bin* Subba.
9. Sannanarsa *bin* Hanumantha.
10. Ramudu *bin* Yellappa.
11. Govinda *bin* Perumalu.
12. Avalu Thimmudu *bin* Hanumantha.
13. Fakira *bin* Kannappa.
14. Ramudu *bin* Narasappa.
15. Fakira *bin* Marappa.
16. Ramudu *bin* Yenkappa.
17. Rama *bin* Honnura.
18. Honnura *bin* Ranga.
19. Aval Chinna Babiga *bin* Thimma.
20. Doddanarasa *bin* Rama.
21. Rajadu *bin* Hanuma.
22. Hanumantha *bin* Rama.

Acting on the personal instructions issued by the Inspector-General of Police and the Deputy Commissioner, on their way to the scene, the villagers of Kortigere found two old women and a lad of the Kadur Kasaba Pamlore gang who were apparently coming to Kortigere to give information of the search in their own camp and to warn the Kortigere gang against similar raid, in which, fortunately for us, they were too late. They were brought to the Kortigere Camp and were placed before the Inspector-General and the Deputy Commissioner. The young man was Rajaga (23) whose father Rajadu had already been secured in the capture. Rajaga was also arrested on suspicion and placed with the other accused. Mr. K. P. Deshpande with two Sub-Inspectors and a posse of constables of the Dharwar District attired as Sadhus arrived at the scene later on, having alighted at Birur towards midnight by the mail train. Searches were conducted next morning and valuable gold and silver jewels and valuable cloths worth in all Rs. 800 were found in the sheds and on the person of the wives of some of the accused. Many interesting things such as gourd pipes, razors, false beards and mustaches, vertebral bones of snakes, beads and rudrakshis, nets and conchs, herbs and drugs, empty and part-filled bottles of country and foreign liquors, etc., were in the sheds.

The Mavinkere raid.

13. During the raid at Mavinkere conducted by Inspector Dummaiya and his party the following four supernumeraries were captured:—

24. Parasa *bin* Nagappa.
25. Raya *bin* Sivappa.
26. Neela *bin* Tuljaram.
27. Yella *bin* Rama.

The first three of these were long out of view and were found lurking in the jungle with two others being traced out by Jamadar Rahimkhan and his party. The 4th was captured while sleeping in a hut of the Pamlores in the Mavinkere Camp. The following members of the Mavinkere gang were thereafter arrested on suspicion:—

29. Arja *bin* Peerya.
30. Kariya *bin* Rama.
31. Hanuma *bin* Linga.
32. Hala *bin* Hanuma.
33. Gangaram *bin* Peerya.
34. Mara *bin* Era.
35. Shesha *bin* Sumka.

Results of the other searches.

14. No supernumeraries were found in the other places that were searched at the same time on this night. On the 21st October 1908 the Hassan Police secured two Pamlore supernumeraries, namely, Rama and Krishna of the Hanumanahalli gang. Gangaram (28) who came on gang form from Shiralkoppa was arrested at Kadur as he was involved in the dacoity.

Arrest of Sidda, Sanga and Venkatarama.

15. All attempts were being made to arrest the supernumeraries that escaped during the capture. The two that escaped from the jungle near Mavinkere were evidently Peerya and Basya who had passed out of view along with Parasa, Raya and Neela captured that night. The two that escaped from the Kortigere Camp were ascertained to be Sidda and Sanga and information was received that they were lurking in the Yemmedoddi Kaval in the Kadur Taluk and were about to visit Timma Jetty's hut in a Lambani tanda situated in a field away from Avutanahalli, village for the purpose of meeting a pleader and engaging his services to defend the captured men. Messrs. Wilkinson and Ramaswamaiya, Assistant Superintendents of Kadur and Chitaldrug, and Inspectors Shama Rao, Venkatagiri Iyer and Sundararajaiengar repaired to the spot with a few men and surrounded the hut. When the doors bolted from within were opened a rush was made in, when it was found that the pleader present was Mr. Manjiah of Chikmagalur and that the persons negotiating with him were the supernumeraries Sidda (36) and Sanga (37) and a third by name Venkatarama (38), another supernumerary of the Kortigere gang. These were arrested and brought to Kadur.

Investigation and its results.

16. Mr. Wilkinson took up the investigation of these cases against the Kortigere gang and was assisted by Mr. Ramaswamaiya and Inspectors Shama Rao and Sundararajaiengar in it. Mr. Ranoji Rao, assisted by Inspector Dummaiya, investigated the cases against the Pamlores of the Mavinkere gang. The stolen property recovered during these investigations consisted of gold and silver jewellery and valuable cloths, and its aggregate value is Rs. 5,302. A statement showing the names of the persons arrested in the cases in which they are concerned and their previous convictions as traced by finger prints, is herewith appended for kind perusal. It will be seen from this that these dacoits are concerned in the dacoities committed at—

1. Harapanahalli in the Bellary District
2. Tiluvalli
3. Ranibennur
4. Mascor

} in the Dharwar District

5. Navanagere in the North Canara District
6. Anantapur in the Shimoga District and in the house-breaking and theft at
7. Hosdurga in the Chitaldrug District

Of the property recovered, that to the value of Rs. 2,857 has been proved to be connected with the above cases, and as to the rest, investigation is still going on to ascertain to which of the old cases in Mysore or British India it is connected.

Judicial and Legislative (Police), dated 13th April 1909.

Disposal of the accused.

17. Of the 38 persons that were arrested, four were dealt with for being bound over for good behaviour and three were released as there was no evidence of their being concerned in any of the cases. The other 31 persons were handed over to the British Police under warrants from the District Magistrates of Dharwar and Bellary and are undergoing trial at Ranibennur and Harapanahalli. In some of the cases in which property has been traced to the accused, the evidence as against them amounts to the offence of receiving stolen property falling under Section 412 of the Indian Penal Code and they will accordingly be tried in Mysore after the close of the trials in British India.

Conclusion.

18. It will be seen from this short report what an amount of trouble and anxiety these Pamlores have caused to the Mysore Police while systematically carrying on their depredations both in and out of Mysore during the last five years. Their repeated attempts to find settlements in convenient localities of the frontier districts, not far from the British Borders, the tactful manner in which they succeed to gain the confidence of the local men by liberally remunerating them, the cunning way in which they evade all suspicion on the part of the Police as well as the general public under the guise of recognized innocent classes, their dexterity in deceiving the Police by various pretensions to effect escapes from custody, the clever disposition of their camps which serve as outposts for rapid exchange and communication of information, their scrupulous attention to maintain always a reserve of supernumeraries ready for action, their daring and relentless and sometimes outrageous acts during the commission of their well-planned dacoities, the care and caution they exercise in the disposal of their booty, the religious tenacity with which they plead their innocence, are hard facts which baffle the strenuous efforts of even the most experienced Police officers in the investigation of crimes in which these Pamlores are concerned. Indeed, it will be a crowning act of success if this class of most dangerous marauders with hereditary propensities to crime could be reclaimed to society to lead a life of peaceful and honest citizens. As the realization of this ideal does not appear to be practicable in the near future, it is inevitable that the policeman has to contend against their ravages for the time being.

In connection with the recent captures, we feel it a pleasant duty to express our appreciation of, as well as to bring to the kind notice of the Inspector-General of Police, the good services rendered by the Chief Inspector of the Bangalore City, Mr. O'Doherty, and Inspector Shama Rao of the Police Training School as also of Inspector Sundararajaiengar and Venkatagiri Iyer of the Kadur District, Inspectors Dummaiya and Nagesha Rao of the Shimoga District, and Inspectors Narna Iyer and Fida Hussain of the Chitaldrug District, in the capture of the Pamlores and in the investigation that followed. The Jamadars, Dafadars and men who were engaged in this work performed their duties most cheerfully. We would beg to add that Nadig Guru Rao of Bagguvalli and others who did useful service in securing us valuable information towards the captures and the recovery of stolen property, have been in separate references recommended for suitable rewards.

No. J. 3099—Police 126-08-2, dated Bangalore, 13th April 1909.

Order thereon.—The capture of this dangerous gang is most creditable to the Inspector-General of Police and the officers and men concerned. Mr. Devaraj Urs deserves the thanks of Government for his efficient organization of the measures for the capture of the gang and for the manner in which these measures were carried out and brought to a successful conclusion.

Separate orders will be issued regarding the various recommendations made by the Inspector-General in the letter read above.

2. Letter No. F. P. 50, dated the 5th February 1909, from the Inspector-General of Police in Mysore, recommending that the fee of Rs. 5 prescribed in the above Rule of Practice may be raised to Rs. 10 and that it may be made payable to the Inspector in charge of the Finger Print Bureau instead of being credited to Government.

No. J. 3273-4—POLICE 123-08-2, DATED BANGALORE, 26TH APRIL 1909.

ORDER THEREON.—The fee of Rs. 5 was fixed by Government after due consideration and they do not see reason to enhance the same, as now recommended by the Inspector-General of Police. It is open to the Inspector-General, under Article 52 of the Mysore Service Regulations, to grant to the Inspector the whole or part of the fee realised in any case up to a limit of Rs. 50.

Letter No. 9396, dated the 16th March 1909, from the Revenue Commissioner in Mysore, forwarding for information copies of the reports of the Sub-Divisional Officer, French Rocks, and of the Amildar of Krishnarajpete Taluk on the cattle show held at Hemagiri on the 28th January 1909, together with a set of photos of the cattle which won prizes at the show.

Letter No. 773, dated 26th February 1909, from the Assistant Commissioner, French Rocks, to the Deputy Commissioner, Mysore District.

I have the honor to submit herewith the report, with its enclosures, dated 22nd February 1909, received from the Amildar of Krishnarajpete on the cattle show held at Hemagiri on the 29th of January last.

2. I proceeded to Hemagiri on the 28th January 1909, and inspected the cattle that had been collected there. Their number was about 5,000 on that day and it rose to 7,000 on the following day. Considering the distress and scarcity of fodder prevailing in the neighbouring taluks, the number of cattle collected was good.

3. The collection of people for the jatra was also satisfactory, and there were among them the cattle dealers from Dharwar and other taluks of the district and also one Mr. B. Vrijburg an officer of the Dutch Government, who visited the jatra for purchasing breeding bulls for that Government. The sale of the cattle was fairly good in spite of the adverse season.

4. The amount of Rs. 100 sanctioned by Government for awarding prizes to the best cattle brought to the cattle show was distributed among their owners with the aid of the members of the committee whose names are detailed in the Amildar's report. The members interested themselves in selecting the best cattle and giving their opinion as to the breed, etc. The prizes were awarded to the owners by explaining to the agriculturists that had assembled on the spot, the object of the Government of His Highness the Maharaja in awarding the prizes and they all felt warmly grateful to the Government.

5. Considering the natural advantages of the situation of Hemagiri and the increase in the number of cattle that were brought to the jatra, year after year, there seems to be every indication that the cattle show at Hemagiri will attract in future a greater number of agriculturists, who are interested in breeding cattle.

6. The Amildar has touched upon two other questions, namely, about the split between the contractors who levied the tolls and the other about the planting of shady trees on the show ground. With regard to the so-called split, I regret to state that there was some dissatisfaction among the raiyats at the jatra, as tolls were levied against *mamul* on bullocks used for laden carts brought to the jatra. The Amildar who seems to have supported the contractor could have done well in making a separate reference in the matter. Early steps will be taken to have shady trees planted on the show ground at Hemagiri.

7. The health of the cattle and men at the jatra was good.

Report.

As usual the Hemagiri Sri Venkatramanaswami Jatra came off on Magha Suddha Saptami of Keelaka (28th January 1909).

The cattle show connected with this jatra commenced on the 25th and closed on the 31st ultimo.

The show ground was cleared of the shrubs and rank vegetation under the supervision of the Kasaba and Akkihebbal shekdars at an expense for which a bill is submitted separately for kind sanction. It was not *possible to* secure free labour in this season of *scarcity*.

In spite of the disadvantages of the season there were 7,000 cattle registered for show as per accounts maintained by the contractor who has taken up the contract of collecting the cattle-tax, that is, one anna per head per calf and two annas per head per bullock.

The number of people, *viz.*, 12 to 14 thousand, who visited the jatra was larger than in the previous year. So were the number of shops. The cattle sales were on a greater scale; all this shows that the jatra is getting popular every year.

If the seasonal prospects improve and greater shade and shelter are afforded to the cattle, there is no doubt that the show would become as important and remunerative as the Chunchinkatte Jatra in the neighbouring taluk.

The cattle-tax contract was taken up for Rs. 925, while the manure went for Rs. 115. This was Rs. 115 in excess for the last year's proceeds.

Proceedings of the Government of His Highness the Maharaja of Mysore,

A recommendation has been sent up and is pending before the Government for the annual grant of Rs. 200 and odd for the due performance of the daily and periodical 'Sevas and pujas' connected with the temple. Seeing the greater interest taken in the jatra by the Muzrai Department, one Mr. Vyasa Rao of Mysore sent a sum of Rs. 91-6-0 to meet the expenses of feeding on one of the principal days of jatra. Accordingly santarpane has been conducted on the last day of the jatra, that is, on Teppotsava day both in the afternoon and night. Some 500 persons in the afternoon and 300 in the night were fed on that day with the help of Venkatramiah, late agent of Inam villages, Appajiah, shanbhog, Kasaba shekdar and others under my direct supervision.

The selection of prize cattle and the distribution of prizes took place on the 28th and 29th January 1909 in presence of the Divisional Officer. There were also present the Assistant Superintendent of Police and Mr. B. Vrijburg, officer belonging to the Dutch Government.

The following persons formed the committee for selecting the cattle :—

1. Mr. C. Narayana Rao, Sub-Division Officer (*President*).
2. Mr. V. S. Rajagopalacharlu, Amildar (*Vice-President*).
3. M. R. Ry. Nanjegowda.
4. Do Lakkegowda, patel.
5. Do Yalakkigowda.

The accompanying statement shows the details of cattle selected for the prizes and the amount awarded to each. The photos of the selected cattle for prizes were taken by one Krishna Iyengar, photographer of the Head-quarter Police Training School, who was deputed for the same at the prize distribution enclosure, where the judges had selected and picketed the prize cattle.

Traders from the neighbouring taluks and Dharwar and other places in the Bombay Presidency had come to buy cattle. One Mr. B. Vrijburg, officer belonging to the Dutch Government, had also come. He purchased only five bulls for export to Java for a sum of nearly Rs. 600.

Owing to a split between the contractors of this year and of last year there were some obstacles thrown in the way of the villagers bringing their cattle freely to the show but after making proper arrangements all the obstacles were removed.

This show is being held for the past nine years and the number of cattle is yearly increasing. The gathering of cattle (about 7,000) in the year under report is fair considering the present adverse seasonal prospect.

I am much in favor of continuing the show. These annual gatherings are awakening a healthy spirit of emulation to breed good and strong cattle among the villagers who compete for the prizes, which are being much valued.

Arrangement has been made to plant trees during the rainy season this year all over the show ground with the object of turning the plain into a shady Tope in course of time. We had planted already 100 trees last year.

The vernacular records connected with the holding of the show are also enclosed.

Letter No. 9829, dated 20th March 1909, from the Revenue Commissioner in Mysore, forwarding for information the following letter with its enclosures *in re* the report on the cattle show held in January 1909, at Chunchinkatte, Yedatore Taluk, and reporting that he has suggested to the Deputy Commissioner of Mysore the advisability of giving more details concerning the cattle that collect and a better method of awarding the prizes.

Copy of letter No. 764, dated 13—15th March 1909, from the Deputy Commissioner, Mysore District, to the Revenue Commissioner in Mysore.

I have the honor to submit herewith copy of report No. 70 of the 4th March 1909, from the Amildar of the Yedatore Taluk, reporting on the results of the cattle show held at Chunchinkatte in January 1909, and to state that in spite of cattle disease which prevailed in some parts of the district and the adverse seasonal condition at the time, the number of cattle that were brought to the Jatra (*viz.* 7,467 against 13,336 in the previous year) may be considered as fair.

2. The question of farming out the right of collecting the fees on the cattle will be separately dealt with in the Muzrai Department on receipt of a report called for from the Mysore Sub-Division Officer.

3. The subject of the alterations in the number of prizes, which is referred to in the last part of Amildar's report, will be placed before the District Board at its next meeting and the result communicated in due course.

Report of the Chunchinkatte Jatra and the cattle show for the year 1909.

The Jatra began on the 10th January 1909 and continued till about the end of the month. The congregation of people this year was not as large as in the last year. The number of cattle brought during the Jatra was also much less. But the number of shops was somewhat greater. People attended from almost all parts of the State and two Dutch gentlemen* from Java purchased breeding bulls to the extent of about Rs. 5,000 for the Dutch Government. The total number of cattle brought this year was only No. 7,467 against 13,336 in the previous year: but the total collections of the Jatra amounted to Rs. 2,782-10-11 against Rs. 2,773-3-2. The amount realised from the sale of manure was Rs. 326 against Rs. 505. The public health during the Jatra was very good and there were no epidemics of any kind. The Sub-Division Officer, Mr. T. K. Sundararaja Iyengar, and the Police Superintendent, Mr. Zahiruddin Mecci, were present for the cattle show, and the former awarded prizes to the winners.

* Mr. E. Vrijburg, Gon Vernemembs vee-Arts, Ned India. Mr. P. Ph Van der Pool, Geur Veearbs.

The power to award prizes was vested in a committee of judges consisting of the Sub-Division Officer, Amildar, the Inspector of Cattle Diseases and two non-official members. The Inspector of Cattle Diseases was absent on duty elsewhere. The non-official members were Messrs. Gowdaiya of Siddapur and Linge Gowda of Kallahalli. The latter was, however, not able to attend owing to some calamity in his house.

The show was held in the bungalow compound at Chunchinkatte. Though there was a large number of cattle fit for the show, only 150 were brought to the show ground by the owners, a majority of whom showed their disinclination to pay the enhanced rates of 8 annas and 4 annas as was already reported by me last year.

Five Ookads or outposts were, as usual, located on the approaches to Chunchinkatte for the collection of fees at each Ookad and the collection work was, as per mamul, entrusted to patels, shanbhogs and the taluk officials. Supervisors were also selected from among the taluk gumastas and shekdars, whose duty it was to go round every morning and check whether the cattle owners paid the usual fees for the cattle brought by them, and whether the shop-keepers paid the prescribed ground rents.

From the collections made at the Ookads the following figures have been arrived at:—
(*a*) The total head of cattle brought for the Jatra were 7,467 and they were from the following taluks:—All the taluks of the Mysore District; Hassan, Channarayapatna, Hole-Narsipur and Arkalgud Taluks of the Hassan District; and Tiptur Taluk of the Tumkur District.
(*b*) Out of the total number, 3,073 were bulls, 4,127 were bullocks and 267 were bull calves.
(*c*) They consisted of—Badagaladana, Nadadana, Bettadadana, Hallikara, Koradahalli, Nagamangala, Geijjanavu and Sanna Mallige.

The show continued for three days, *viz.*, the 15th, 16th and 17th January 1909, and prizes were awarded on the 17th evening. As two bulls unexpectedly died on the 18th, all the cattle owners immediately left Chunchinkatte. Otherwise they would have stayed there for two or three days more.

The following is the list of awards made by the committee of judges:—

CLASS A.

	Rs.	*Name of the recipient.*
I. Best Bullocks.—		
1st prize	35	Budnur Kari Gowda, Mandya Taluk.
2nd „	25	Budnur Sidde Gowda, Mandya Taluk.
3rd „	20	Kundali Kala, Mandya Taluk.
II. Breeding Bulls.—		
1st prize	30	Erode Narayana Rao, French Rocks Sub-Taluk.
2nd „	15	Sungayuahalli Karigowda, Nagamangala Taluk.
3rd „	10	Hebsur Kapani Gowda, Yedatore Taluk.
III. Bull Calves.—		
1st prize	20	Maginahalli Bandigowda, Channapatna Taluk.
2nd „	10	Basavanahalli Basavegowda, T.-Narsipur Taluk.
3rd „	5	Gopalapura Venkate Gowda, Mandya Taluk.

CLASS B.

Bettadapur Bullocks.—		
1st prize	10	Budnur G. Siddegowda, Mandya Taluk.
2nd „	10	Hampapur Chennadevaru Setti, Yedatore Taluk.
Nadu or Country Bullocks.—		
1st prize	10	Kanaganahalli Basava Naika, Yedatore Taluk.
Grand Total ...	200	

The 2nd prize-winner in class A sold his pair of bullocks for Rs. 350. A pair of bulls from the Channapatna Taluk were valued at Rs. 1,000.

The prize-winners were, as usual, presented, in addition to money prize, with certificates in Kanarese signed by the Sub-Division Officer, who was also the president of the committee of judges.

The conservancy arrangements were satisfactorily made as the Government were pleased to sanction a sum of Rs. 100 for the purpose during the year from the District and the Muzrai Funds in equal proportions.

I beg to append hereto a statement showing the receipts and expenditure during the year as compared with those of the last year. I am glad to report that the amounts collected this year are the largest. In no year the Jatra collections went up so high.

Receipts.

	1908 Rs.	a.	p.	1909 Rs.	a.	p.
(i) Fees on cattle	1,663	7	6	1,505	1	0
(ii) Rent on shops	577	0	0	916	4	4
(iii) Sale of manure	505	0	0	326	0	0
(iv) Golaka	27	11	8	35	5	7
Total ...	2,773	3	2	2,782	10	11
Expenditure ...	568	8	5	484	12	2

In this connection a thought strikes me as to why the right of collecting fees on cattle brought during the Jatra should not be sold by public auction every year as in the case of "tolls." I shall submit my humble opinion on this point in a separate report.

The number of prizes fixed for bulls and bull calves requires some alteration. There are only two prizes for bull calves; the committee of judges utilized this year Rs. 10 out of the latter for giving a 3rd prize to bulls and gave only three prizes to bull calves.

Local Fund and Sanitary (Local Boards), dated 23rd April 1909.

My experience of two Jatras shows that three prizes are necessary for bulls and that only three are sufficient for bull calves. I therefore beg that the amount set apart under these two heads, *viz.*, Rs. 90, may be redistributed as follows :—

Bulls.

		Rs.
1st prize	...	30
2nd ,,	...	15
3rd ,,	...	10
Total	...	55

Bull Calves.

		Rs.

The following letter, dated the 24th November 1908, from Mr. Y. Sreenivasa Rao, Honorary Secretary, Waters Memorial Fund, regarding the institution of a scholarship in the Central College in the name of Mr. Waters, the late Principal of the Central College:—

"I beg to inform you that it has long been under contemplation to establish some memorial in the name of Mr. Waters, the late Principal of the Central College, Bangalore. Subscriptions have been collected now to the extent of Rs. 1,400. The subscribers desire that a scholarship of not less than Rs. 5 per mensem should be given to some deserving student in one of the College classes. They also desire that such a student should, if possible, be also a free one. To give effect to their desire, I am prepared to pay at once Rs. 1,500 and desire to be allowed a year's time to pay another 500 rupees (Five hundred rupees). I am also prepared to pay Rs. 60 a year for two years for scholarship, so that the invested money or the interest thereon may not be drawn upon. As to the other conditions under which the scholarship should be given, the subscribers desire to leave Government free in the matter. They also desire that the scholarship should be given from 1st January 1909.

I beg that necessary orders may be passed."

No. 9762-4—ED. 133-08-2, DATED BANGALORE, 6TH APRIL 1909.

ORDER THEREON.—Government are pleased to accept provisionally with thanks the money offered by Mr. Sreenivasa Rao, on behalf of the subscribers to a memorial for the late Mr. Waters, for instituting a scholarship in the Central College. The scholarship will be called the "Waters Memorial Scholarship" and will be worth not less than Rs. 5 a month. It will be tenable for one year in the fourth year class of the Central College (Senior B. A. Class) and will be awarded to the student who obtains the first place in Mathematics in the third year (Junior B. A. Class), irrespective of any other scholarship he may have obtained.

2. The suggestion of the subscribers that the student who gets this scholarship, if not a free student or a Government scholar already, may be excused the College fees, does not commend itself to Government as this would amount to enhancing the value of the scholarship by an additional sum of Rs. 5.

3. Mr. Sreenivasa Rao is requested to pay the sum of Rs. 1,500 to the Comptroller, who will arrange to have the same invested in the Government of India Securities. The further sum of Rs. 500 expected to be collected should be paid before the end of December 1909.

4. The amount required for the disbursement of the scholarships during the first two years, *viz.*, 1909 and 1910, promised by the Honorary Secretary of the Fund, may be paid in advance yearly to the Comptroller who will place it at the disposal of the Principal of the Central College, Bangalore.

5. The interest on the investment in question will be drawn by the Comptroller half-yearly and deposited in the Government Savings Bank until further orders.

Letter No. 832, dated the 26th March 1909, from the Superintendent of the Government Press, forwarding a slightly modified form of the overtime register and proposing that it may be adopted in lieu of the one now in use.

No. G. 6140-1—G. P. 6-08-20, DATED BANGALORE, 27TH APRIL 1909.

ORDER THEREON.—The Government approve of the new form of the overtime register as suggested by the Superintendent, certain additional columns proposed by the Comptroller being found unnecessary and impossible to be filled up accurately to secure the purposes of check. The register as revised will consist of the following columns:—

1. Serial No.
2. Date.
3. Name of worker.
4. Designation.
5. Pay.
6. Work on which engaged.
7. Hours of attendance.
8. Number of overtime units (1 overtime unit-3 hours).
9. Initials of the Superintendent and remarks if any.

2. In addition to the above register, an abstract register should be maintained as suggested by the Comptroller in lieu of the acquittance roll and bill register now kept. This abstract will be a personal ledger and acquittance roll based on the overtime register and should be posted up once a week or fortnight and should be brought up to date at the end of every month. A copy of it will be sent to Government for sanction being accorded to the overtime charges. The present practice of sending a copy of the overtime register with the bill will be discontinued.

3. The columns of this abstract register will be as follows:—

1. Serial No.
2. Name of worker.
3. Designation.
4. Monthly pay.
5. Dates of the month and number of overtime units worked on each date.
6. Total number of overtime units worked during the month.
7. Rate per overtime unit.
8. Amount earned.
9. Signature or remark.

The forms as revised are appended to this Order.

4. The above arrangements will come into effect from 1st July next.

5. The statements as revised are appended.

PROCLAMATION.

Whereas the office of the Dewan of Mysore has become vacant by the retirement of Visvanath Patankar Madhava Rao, C. I. E., We, placing trust and confidence in the loyalty, ability and judgment of Tanjore Madava Row Ananda Rao, B. A., do hereby appoint the said Tanjore Madava Row Ananda Row, B. A., to be the Dewan of Mysore, and We do further appoint the said Tanjore Madava Row Ananda Row, B. A., to be *Ex-officio* President of the Council.

Given under Our hand and seal at Mysore this 1st day of April 1909.

His Highness the Maharaja, having permitted Mr. V. P. Madhava Rao to retire from the Office of Dewan, desires to take this opportunity of placing on record his appreciation of the services rendered by him to the Mysore State. Entering the service in the year 1870, Mr. Madhava Rao rose in the course of nine years to the position of Sub-Judge and was appointed a Deputy Commissioner in 1885. In 1892 he was specially selected for the post of Inspector-General of Police. On the outbreak of plague in Mysore in 1898, he was entrusted with the difficult and responsible task of carrying out plague preventive measures, under the designation of Plague Commissioner. He was appointed a Member of Council the same year, and in 1899 his distinguished services were recognized by the Paramount Power and he was created a Companion of the Most Eminent Order of the Indian Empire. In 1904 he retired from the Mysore service to take up the post of Dewan to His Highness the Maharaja of Travancore. Two years later he was recalled to Mysore and appointed Dewan. Throughout his long service Mr. Madhava Rao has been distinguished for the zeal and energy that he has displayed in the performance of his public duties, and His Highness the Maharaja is conscious that in bidding him farewell he is losing the services of an able public servant.

Government Order No. G. 7453-4—G. M. 236-07-2, dated 19th June 1908, passing orders regarding the reduction of the menial establishment of the General and Revenue Secretariat.

No. G. 6053—G. M. 26-08-9, DATED BANGALORE, 23RD APRIL 1909.

ORDER THEREON.—In the Government order dated the 19th June 1908, read above, the reduced scale of 224 hands on the menial establishment of the General and Revenue Secretariat was fixed with reference to the Secretariat staff then existing and a gradual reduction of 67 hands was ordered.

The staff of the Secretariat Officers having been in accordance with orders contained in the Government Proceedings dated 12th November 1908, read above, increased by an additional Assistant Secretary, it is necessary to provide him with a staff of peons on the same scale as for other Assistant Secretaries. The sanctioned scale of the General and Revenue Secretariat menial establishment has therefore to be increased by the number of menials as noted in the margin required for the latter Officer in accordance with the prescribed scale. The increase is hereby sanctioned. The gradual reduction of the menial establishment will accordingly take effect only to the extent of 63 hands instead of 67 thus raising the revised scale to 228 hands.

Dalayet one on Rs. 9
I class peon one on Rs. 8
II class peons two on Rs. 7 each

1. Petition registered No. D. 389 from M. Vyasa Rao of Mysore, complaining of the misappropriation of the income from the land endowments of the Sri Srikanteswaraswami temple at Bandihole in the Krishnarajpete Taluk and requesting that the temple with its endowments may be taken under Government management.

2. Letter No. 348, dated 12th March 1909, from the Deputy Commissioner, Mysore District, reporting on the above.

No. 1458-9—Muz. F. 396-08-4, dated Bangalore, 2nd April 1909.

Order thereon.—In his petition read above, M. Vyasa Rao complains that the income from the land endowments of the Sri Srikanteswaraswami temple at Bandihole, Krishnarajpete Taluk, is being misappropriated, and requests that the temple together with its endowments may be taken under Government management.

2. The Deputy Commissioner reports that the temple in question is endowed with three-fourths of a vritti at Bandihole, one-fourth of a vritti at Kurunenahalli and one-fourth of a vritti at Theranenahalli, yielding a net income of about Rs. 120, and that the temple is an old one built when these vrittis were granted by His Highness the Maharaja Sri Krishnaraja Wadiyar Bahadur III. He further reports that, from about 1879 to 1901, the kandayam of these and other vrittis was being collected by an agent appointed by Government, who does not appear to have properly spent the amount belonging to the temple, and that the matter is still under enquiry. That officer recommends that, as the temple is endowed with vrittis, the institution may be taken under Government management.

3. In these circumstances, the Government are pleased to sanction the Deputy Commissioner's recommendation. The temple of Sri Srikanteswaraswami at Bandihole together with its endowments should be taken under the management of the Deputy Commissioner and arrangements made for the regular conduct of services therein. Proposals about the income and expenditure of the temple should also be submitted. The result of the enquiry regarding the misappropriation of the temple income, referred to above, should be intimated in due course.

Government Proceedings No. 446-54, dated 8th February 1892, stating that they would, at an early date, issue a circular order describing the legitimate services to be performed in temples by Devadasis and that these did not include Tafe or dancing.

Memorials Registered Nos. 2104 and 854—2675, dated 13th November and 9th December 1905, respectively, addressed to this office and to His Highness the Maharaja by Kittasani and other dancing girls of Nanjangud, praying for permission to do Tafe service in the Sri Srikanteswaraswami temple at the place during the Girijakalyana and other temple utsavams and also for the continuance of the payment of the emoluments attached to the service in hereditary succession.

No. 1560-71—Muz. F. 84-05-3, dated Bangalore, 10th April 1909.

ORDER THEREON.—During the revision of the Tasdik Patti of the Sri Srikanteswaraswami temple at Nanjangud, in the year 1899, the then Muzrai Superintendent and Secretary, Rai Bahadur Mr. A. Sreenivassacharlu, directed that the dancing girls borne on the temple establishment should not be allowed to perform Tafe service in the temple, but that the allowances payable to them should be continued during their life-time and that the vacancies caused by their death should not be filled up. It is against this order that the dancing girls have memorialized His Highness the Maharaja and this office and they pray that they may be permitted to offer prayers and perform Tafe service during Girijakalyana and other important temple festivals and that their allowances may be paid to them in hereditary succession.

2. From the Shastraic authorities quoted by the two Agamiks employed in the Muzrai Secretariat, it is observed that the services to be performed by Devadasis (female servants of God) form part and parcel of the worship of God in Hindu temples and that singing and dancing in the presence of the deity are also prescribed. It is however observed that in the case of Devadasis personal purity and rectitude of conduct and a vow of celibacy were considered essential. But the high ideals entertained in ancient days have now degenerated, and the female servants (Devadasis) are notoriously women of loose morals.

3. At first Government in their circular order of the 8th February 1892, read above, considered that Tafe or dancing did not form an essential part of the services to be performed in a temple by Devadasis, and promised to issue a circular order at an early date, describing the legitimate services to be performed by them. Subsequently, however, on considerations such as those stated in the concluding portion of para 2 above, the late Muzrai Superintendent and Secretary, when revising the Tasdik Pattis of certain important temples such as those at Nanjangud and Melkote, directed that the Devadasis should not be admitted for any kind of duty in the temples concerned, but that their pay might be disbursed to them during the life-time of the present incumbents and that the vacancies caused by their death should not be filled up.

4. The Government now observe that whatever may have been the original object of the institution of Devadasis in temples, the state of immorality in which these temple servants are now found, fully justifies the action taken by them in excluding the Devadasis from every kind of service in sacred institutions like temples. Further, the absence of the services of these women in certain important temples in the State has become established for nearly fifteen years past, and the public have become accustomed to the idea of doing without such services. The Government therefore see no need to revert to the old order of things as prayed for in the memorials now under disposal. There is however no objection whatever to the Devadasis coming into temples like all Hindus and offering ordinary worship to the deity like other persons.

5. Where land or other inams, if any, have been specially granted to any individuals for Tafe service in temples and title-deeds have been issued in the names of such individuals, the Government direct that such inams be confirmed under

Muzrai, dated 10th April 1909.

Rule VIII, clause F, of the Inam Rules to the holders thereof as permanent and alienable property, subject to the payment of quit-rent as laid down therein. The quit-rent thus imposed will be credited to Government and an equivalent amount will be granted as cash inam to the temple concerned. Where, however, the land is an endowment to the temple and has been left in the possession of the persons rendering Tafe service as remuneration for such service, or other payment is made from the temple funds for such service, such service will, in future, be discontinued and the land will be resumed to the temple, and the other payments, if any, will cease. In order to prevent hardship to the present holders of the inams and in fulfilment of the promise made by the Muzrai Superintendent in 1892, Government direct that the persons at present rendering Tafe service and enjoying the inams or receiving other emoluments therefor do continue to enjoy such inams and receive such emoluments during their life-time without being required to render Tafe service. On the death of such persons, the land in their possession and the cash grants paid to them will be treated in the manner laid down above. The Deputy Commissioners are requested to furnish the Superintendent of Inam Settlements with information regarding the inams enjoyed by the Devadasis in the temples of their districts to enable that Officer to effect the needful alterations in the Inam Registers in accordance with the views expressed above, and to report the result of the action taken in each case for the information of Government at an early date.

6. It is observed that the exclusion of Devadasis from temple services obtains at present in the case of a few large temples whose Tasdik Pattis have been revised and that the time has arrived for its general application throughout the State. The Government therefore direct that the policy enunciated in paras 4 and 5 above, to the effect that Devadasis should not be allowed to perform services in temples, be extended to all the other Muzrai temples in the State.

Petition Registered No. D. 326—Muz. 181-08-1, dated 9th December 1908, from Raja Subbiah Setty of Tyamagondlu in the Nelamangala Taluk, offering to deposit a sum of Rs. 6,000 at 4 per cent interest as an endowment for the benefit of the charities established by him at Sivaganga, Nelamangala Taluk.

No. 1658-60—Muz. F. 181-08-2, dated Bangalore, 20th April 1909.

ORDER THEREON.—Raja Subbiah Setty states that he has built a chattram at Sivaganga and offers to deposit a sum of Rs. 6,000 at 4 per cent interest, with a view to the income derived therefrom being utilized for feeding the Vaisyas resorting to the chattram at the time of the Girijakalyana in the Sri Gangadhareswaraswami temple at the place. He further wishes that he should manage the charities himself during his life-time and after him, his son and heirs, drawing the interest half-yearly and utilizing it for the purpose set forth above.

2. The object of the donor being of a benevolent and charitable nature deserving of encouragement as required in Government Notification No. Fl. 4007—G. F. 184-06, dated 12th February 1908, the Government are pleased to accept the deposit of Rs. 6,000 made by the said Raja Subbiah Setty at 4 per cent interest. The Deputy Commissioner is requested to get the necessary documents executed by him in accordance with Rule IV of that Notification.

3. Raja Subbiah Setty should, however, be informed, that the management of the institution by him, and his son and heirs after him, would be subject to Government control, and that the manager will have to keep regular accounts and make them available for inspection by Government officers.

Proceedings of the Government of His Highness the Maharaja of Mysore, Geological, dated 22nd April 1909.

READ—

(1) Report dated 20th March 1909, from the Inspector of Mines in Mysore on the fatal accident which occurred in Bullen's Shaft, Ooregum Mine, on the 4th March 1909, resulting in the death of two Italian miners and one Indian cooly.

(2) Remarks, dated 24th March 1909, of the Chief Inspector of Mines in Mysore on the above accident.

No. 2590-92, DATED BANGALORE, 22ND APRIL 1909.

ORDER THEREON.—The following account of the occurrence of the accident is taken from the report of the Inspector of Mines:—

" 1. On the night of 4th instant, while shifts were being relieved, an overwind occurred at Bullen's Shaft owing to the winding engine-driver losing control over his engine.

2. The South skip or bucket containing 6 men was being hoisted and the North, with 8 men in it, was being lowered, when the accident occurred.

3. The former on passing the self-dumping station, which is 62 feet above the collar of the shaft, tipped out its human freight, one man being shot into the bin and the others into the shelter provided for the lander at this spot. Of these 6 men, 2 (both Italians) were killed, from coming into violent contact with the frame-work of the steel head gear, after being ejected from the bucket, and the remaining 4 were all seriously hurt.

4. The latter (North bucket) passed the landing station (3,610) where it should have stopped to allow the coolies to get out and pick up its next load for surface, and went on down into the sink—some 50 feet below—where at least 15 coolies were at work clearing stuff. It bumped heavily against the rock and struck 2 men; one of these was killed and the other seriously injured. Of the 8 men in the bucket, 3 were badly hurt (fracture of bones of leg) and the rest trivially."

II. From the enquiry held as to the cause of the accident, it appears to have been due to an unaccountable carelessness or recklessness on the part of the winding engine driver, Munisami, who, losing control over his engine, allowed an overwind to take place, resulting in such disastrous consequences. The engine driver is being prosecuted for his rashness and negligence.

III. In his remarks upon the Inspector of Mines' report, the Chief Inspector of Mines touches upon certain technical matters relating to the arrangements for winding men to and from surface, the rules regulating the taking over charge of winding engines when shifts are changed and the question of substituting European for native drivers, etc., and it is noted that these matters are being dealt with departmentally.
